*October 3rd-December 15th
Monday-Thursday 2:10-4:00
Snack & Dinner Provided
NO TRANSPORTATION*

[REGISTRATION](#) DEADLINE SEPTEMBER 30th

CLASSES OFFERED

GYM

Gym will be used to teach students about different types of athletic events from around the globe. Students will learn the fundamentals of multiple games and will practice the appropriate way to carry themselves on and of the court or playing field. They will practice social emotional skills through competition and identify the origins of their different activities.

SELF DEFENSE

This class will promote physical discipline through a safe and fun environment. Learn confrontation management skills and beginner boxing. Sign up with a friend and challenge yourself.

GREEN DRAGONS

With the Green Dragons program we bring the traditional skills of archery to the Stoklosa. We favor a natural setup using wood bows and feathered arrows shot right off the rest or the hand: no sights, no stabilizers. We also play Archery Tag where archery meets martial arts and combat strategy.

Mock Trial- THURSDAYS ONLY

Become a student attorney. We will work with two local lawyers and learn about the fundamentals of our legal system. At the end, we will go to the courthouse to present a case in front of a judge and jury, and they'll decide the verdict.

Stoklosa TV

Students will be able to shoot videos, edit, add graphics, develop content, create stories, make highlight reels, tell the story of the community, and develop content for a school based news program.

Yearbook

Yearbook club meets once a week after school to work on the Yearbook, plan page designs and arrange the pictures taken by the school photographer. Yearbook members work to sort pictures, organize page development, monitor Yearbook progress throughout the year.

MINECRAFT

Are you a new Minecraft fan looking to explore new ideas? Or maybe a Minecraft expert looking for a new challenge? Either way, the Minecraft club is for you! This class will offer you a chance to participate in individual and collaborative challenges, refine your skills and tests some new ideas. Join us to share what you know and learn from other Minecrafters.

Stoklosa Studios

Join Mr. Grenier and Mr. Warnick for Stoklosa Studios. In this program, you'll be able to develop your musical talents, learn an instrument, write and record a song, or rehearse for a very special performance.

COOKING

Students will be exposed to new recipes from a variety of cultures. They will be using fresh and local ingredients to create multiple meals and dishes of their choice. Students will be responsible to manage a weekly budget to buy ingredients from local markets and grocery stores and learn the basics of kitchen safety.

Farm to Table

Students will explore the concept of the farm-to-table movement. Students will spend time preparing the garden for winter and preparing the winter bed for the winter crops. Students will serve locally sourced foods to prepare healthy snacks and simple meals. Students will also spend time exploring the meal planning around the current crops.

African Cooking

Learn to research and create cultural meals from the continent of Africa. We will use authentic ingredients to create a number of dishes that are rich in culture and taste.

Art

Work with Mrs. Barker to create many types of art to display throughout the Stoklosa. You will use clay, water color, pencil, and use a variety of material to add to the sense of Community within the school.

FIBER ARTS

Have you ever wanted to make something useful on a sewing machine? Or does the idea of learning to crochet or knit appeal to you? How about trying your hand at learning the skills of macrame or embroidery? In this class, you'll be able to explore the use of different fibers including fabric, yard, threads and cording to create items of your choosing. Join us to find your creative side!

ARTS & CRAFTS

Students will create works of art using different medias and techniques such as tie dye, water colors, glass painting, fluffy slime, and much more. They will develop fine motor skills and this class will encourage self expression while allowing students to socialize and enhance decision making skills.

Photography

Learn the basics of digital photography, how to use point and shoot cameras, and introductory skills in editing software such as Photoshop/Lightroom through local photoshoots and workshops

Board Games

Games offer students opportunities to develop many skills including but not limited to: critical thinking skills, socializing away from social media, compromise, sharing, dexterity, and learning to win and lose the right way.

Lowell Police Academy-TUESDAYS ONLY

Join officers from the LPD to learn about First Aid and CPR, Bullying, Internet Safety, responsibility, and leadership!
