Cars are driving the wrong way during school hours.

Children seemed to have problem with no bathroom break at all during class. We understand some kids may take advantages of it but that shouldn't take away from everyone.

The sidewalks around the school need to be repaired. I tripped in the beginning of the year on a broken piece of concrete.

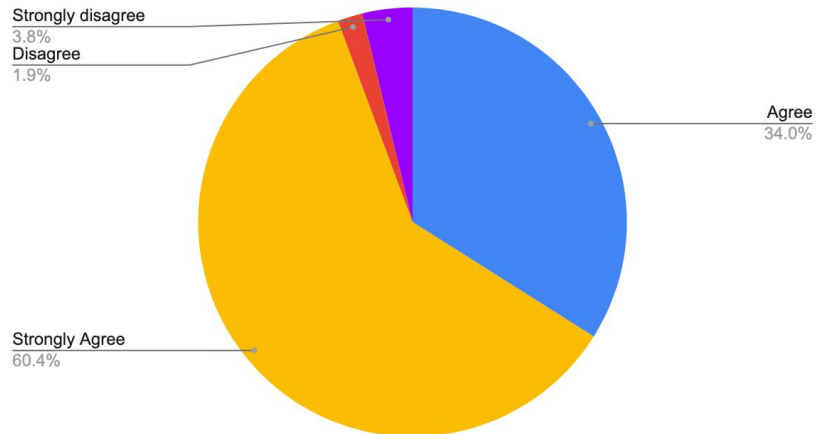

At the side door of the school there is garbage, tall vegetation, poorly cared for and very ugly, they don't clean the snow properly and in autumn the leaves are never removed.
