

About Us

Pyne Arts is a progressive institution where excitement for learning is ignited in every student through a combination of high-quality experiential learning projects, robust arts and STEAM programming, and a comprehensive educational curriculum. Our school is a diverse and inclusive one where self-expression and kindness are celebrated and where all means of family and community involvement are valued. Our students and staff are collaborative, civically minded, and committed to taking risks, persevering through challenges and failures, and growing as learners and facilitators of learning. Our students leave Pyne Arts able to think critically, innovate and create, and be meaningful contributors to a global society.

Academic Programming Integrated with the Arts

We follow the LPS Core Curriculum with adaptations to include a heavy emphasis on arts integration and rigorous quality performance assessments. Our core curriculum includes:

- Heggarty Phonemic Awareness K-1
- Letterland Phonics K-3
- Handwriting Without Tears PK-2
- TC Units of Study for Reading
- TC Units of Study for Writing
- Eureka Great Minds & Envisions Math
- Illustrative Math 6-8
- Inquiry Journeys Social Studies
- Mosa Mack / FOSS / Amplify Science
