### **Talking about Books**

Use these cards to help your student read books. Remember Kindergarten students are still learning, if they can do all of these things, they can read bigger books. If they can't yet read, practice saying their letters, the sounds letters make, and the high frequency words on the word lists.

We look at the pictures, remember, read!

We make the words and the pictures match.

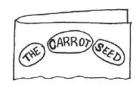

We talk like the characters.

We use words to join the pages together.

We read more and more exact words.

We find, point to, and read some of the words.

# **Writing Activities**

- Draw and label your favorite things. Add sentences if you want.
- Write a letter to a friend.
- Make a list...it can be about anything.
- Write a story. Don't forget to use your sounds and sight words!
- Make a how to book and see if your family can follow the directions.

## **Word Work**

• Practice the high frequency word lists. Start with list A. If you need more lists, go to grade 1.
