

Maximizing Options for Families

A Safe School Reopening Plan for Students within the Context of COVID-19

Fall 2020 • Approved August 5, 2020

School Committee

Front Row: Jacqueline Doherty, Mayor John J. Leahy, Andre P. Descoteau

Back Row: Robert Hoey, Jr., Connie A. Martin, Michael Dillon, Jr., Hilary Clark

Lowell Public Schools Core Beliefs

- A high quality education is a fundamental civil right of every child we serve.
- Teaching and Learning are at the core of our work. Everything we do must support what happens in the classroom.
- Parents are our partners. They are our students' first teachers in the home.
- There is no silver bullet to improving our schools. Sustainable school improvement requires hard and steady work over time.
- Every adult in the system is accountable for the success of our students. Putting every child on a path to college and career success is the responsibility of the entire community.

Equity • Excellence • Empowerment

Lowell Public Schools Fundamental Commitments

- Eliminate the racial, ethnic and linguistic achievement and opportunity gaps among all students.
- Provide equitable funding and resources among the district's diverse schools.
- Engage all families with courtesy, dignity, respect and cultural understanding.

A Message from Superintendent Boyd

Dear Lowell Public Schools Community:

I am pleased to share with you this report which provides an overview of our draft plan to safely reopen schools in the fall while also improving upon our remote learning model for families who opt for at-home schooling.

Throughout this summer, Lowell Public Schools staff have been hard at work preparing for this upcoming school year, envisioning what a safe return to our buildings could look like, and examining if it would be possible to have students, teachers and staff back in the classroom. Prior to the end of last school year, we formed a task force of principals, teachers, support staff and parents from throughout the district to look at every possible model of education for the 2020-2021 academic year, so I am confident we are prepared for any scenario that we may be faced with in September and beyond.

The plan contained within this report leverages the best thinking of the task force, as well as feedback we've received from across the community - including survey responses from over 2,500 families and virtual discussions with over 1,000 parents, staff members and students during community forums. We recognize this preliminary report does not answer every question about reopening school. Please know that more details will be provided leading up to the first day of school.

Currently, the decision on how to go forward with the start of the 2020-2021 school year is a local decision. And here in Lowell, it is clear that families want to have choices when it comes to how we return to school in September. With this in mind, if the local health data continue to move in the right direction and it remains safe for our students to be on campus, **we are prepared to offer families an option of either full-time, remote learning or full-time, in-person learning to start the school year.**

COVID-19 certainly remains a concern here in Massachusetts, but this state - once a hotspot for this virus - is in better shape than much of the country as we have taken serious steps to mitigate its spread. Physically returning to school means we will continue to follow strict health guidelines - wearing masks, socially distancing and keeping our buildings clean. We can't - and won't - cut corners when it comes to the health of our students, staff or community. We are not looking for flexibility in adhering to safety protocols - we will maintain six feet of distancing at all

times. We will also be limiting the interactions one group of students has with another. We likely won't be eating lunch in the cafeteria or holding large assemblies, for instance.

While the current data suggest we can safely return to the classrooms and halls of our buildings, we know that not every family feels comfortable sending their child back right now. So, in addition to being able to physically return to our school buildings, we are also going to offer a remote learning option for our students.

This iteration of remote learning will look different than what we saw in the spring. The district has purchased enough devices that every student will receive one this coming school year. There will be a consistent technological platform for each grade level and required attendance, as well as greater feedback for students through a more typical grading scale.

Developing these two options for families and coming to a conclusion of what would be possible for our students in September wasn't an easy process. We know nothing can take the place of the daily in-person interactions that our teachers have with our students. But these in-person interactions can only happen if it is safe to return to our schools. We were all hopeful that this pandemic would be in the rearview mirror by this time, but unfortunately that is clearly not the case.

Providing options to families of in-person or remote learning is a decision backed by health data and a decision made after a thoughtful and extensive planning process. So, whether it will be by logging on remotely or by physically returning to the classroom, we are prepared to offer your child a safe and meaningful educational experience to start the 2020-2021 school year.

I am confident that 2020-2021 will be a great school year for each and every one of our more than 14,500 students. I'm looking forward to welcoming our students back to school in the fall - even if at a distance - and remain honored and humbled to serve as your superintendent.

Sincerely,

A handwritten signature in black ink that reads "Joel Boyd".

Dr. Joel D. Boyd
Superintendent of Schools

Executive Summary

The Lowell Public Schools reopening plan prioritizes the safety of our students and staff and is designed to maximize options for families, offering a choice between remote learning or in-person learning. It is important to read through this report to understand how to choose the back to school option that best suits a family's needs. LPS will also be offering various info sessions to help families understand their options.

The first day of school in Lowell is scheduled for September 17. If a family would like in-person instruction on campus, they need to opt-in through an application. The application period will be August 19 - August 27, 2020. Families wishing to participate in remote learning do not need to fill out an application.

If more families opt-in than there are available seats (based on revised capacity numbers due to social distancing and health and safety protocols), a lottery will be held to determine who will be able to attend school in-person. A student's place in the lottery will be determined by a weighting system. Families opting for in-person instruction will be notified about their placement for the 2020-2021 school year beginning on September 4.

We are encouraging students to walk or drive to school rather than take a school bus, in order to maximize safety and minimize exposure to other students on the way to and from school each day. School bus transportation will be available for those with no other means of getting to school. If demand for transportation exceeds the number of available seats, LPS will conduct a lottery for available seats using a weighted formula which accounts for legal rights of protected student populations and equity considerations.

Your decision for the 2020-2021 school year will not impact your child's school placement in future school years. Your child will still have the seat at the school they were attending in 2019-2020, or in the case of an elementary student transitioning to middle school, a seat at the middle school into which they were going to feed.

The remote learning option includes a set school schedule with clear attendance and participation requirements. Students will be graded on a typical scale. It includes a mix of live virtual lessons and independent learning across multiple subject areas, as well as project-based assessment and secure online testing. Grab and go meal sites will be available.

The in-person option includes a typical schedule and curriculum with standard assessment and grading. There will be slight instructional changes to account for safety and social distancing - students and staff must wear masks; students stay with the same cohort/class; and students will eat in their classrooms.

Regardless of whether a student opts for in-person learning, or does remote learning, the district purchased enough devices this summer that all LPS students will receive their own device this school year.

Guiding Principles for Starting the School Year

1. Our decisions will be guided by the latest health data and input from public health experts. We will be monitoring the rate of positive cases here in Lowell and statewide.

2. We will maximize options for families and will offer a remote learning option, as well as an in-person option as long as health data continue to support physically being in our buildings.

3. We make a commitment to equity, with the belief that a public education is a fundamental civil right. Families and students who have historically been underserved have had a voice in the planning process and will have their needs met.

Lessons Learned From Spring 2020

As we move forward with planning for the start of the 2020-2021 school year, it is important to look back at the lessons learned from our closure this past spring. Learning from this experience has better prepared us for remote possibilities going forward.

Instructional Model

- Consistent implementation of a district-wide instructional schedule with more live virtual lessons for students.
- Consistent learning and communication platform districtwide for remote learning environments.
- Increased social emotional learning (SEL) in all models to support student needs.

Lessons Learned From Spring 2020

Equity For All

- Provide technology and connectivity to families demonstrating a need so that all students can participate equitably in remote learning environments.
- Account for COVID-19 and how this affects students' ability to equitably participate in online learning, potentially widening achievement gaps.

Communication

- Provide opportunities for two-way communication with all stakeholders to support the development of plans and monitoring implementation.
- Frequent and consistent messaging from the school department to stakeholders.
- Verbal interpretations and written translations must be available for all families in need.

Instructional Practices

- Provide time for staff to plan and work in collaborative teams.
- Ongoing professional development to strengthen remote learning.
- Grading, participation and attendance policies should be carefully crafted to ensure consistent student engagement.

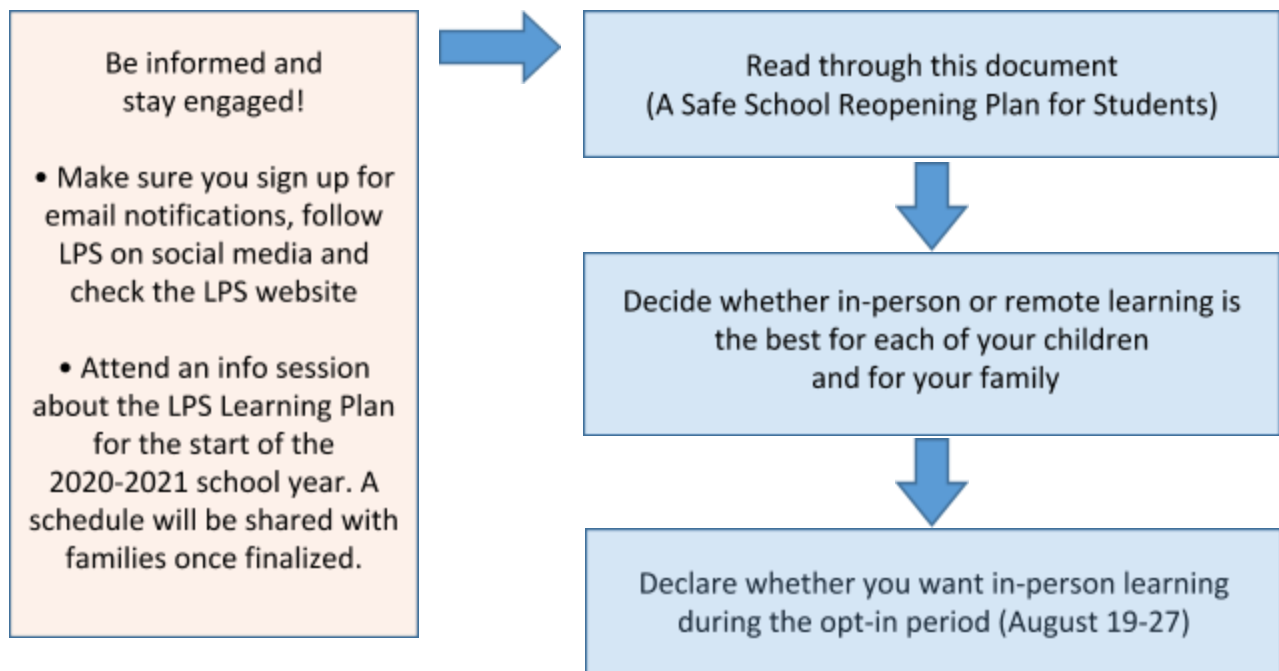

Technology and Infrastructure

- Distribution of laptops to every student and hotspots to families in need to support student access to online instruction.
- Consistent learning platforms for students and staff in each grade.

Staff Support

- Sustained professional development for administrators, teachers, and support staff.

Considering Your Options for 2020-2021

Key Dates

- **August 19** - The opt-in form for in-person learning will be made available on this date and sent to families.
- **August 27** - The last date for families to submit the opt-in form for in-person learning.
- **September 4** - Starting on this date, families will be notified of their school placement.
- **September 17** - First day of school, pending approval from the state.
- **TBD** - Attend an info session about the LPS Learning Plan

Considering Your Options for 2020-2021

The Lowell Public Schools reopening plan is about safely maximizing options for families. LPS will offer a remote learning option, as well as an in-person option as long as health data continue to support physically being in our buildings. This report will help provide families with the information necessary to make this decision. As you consider your options for the start of the school year, please keep the following in mind:

- Every student will be able to participate in remote learning. There is no limit on remote learning enrollment. However, due to following strict social distancing guidelines, typical school capacity for in-person learning will be reduced. Therefore, not every student will be able to attend school on campus. If more students sign up for attending in-person than the number of seats available, we will have a lottery to determine who will be able to attend school on campus. For more information on this process, see pages 11-12.
- We are encouraging students to walk or drive to school rather than take a school bus, in order to maximize safety and minimize exposure to other students on the way to and from school each day. School bus transportation will be available for those with no other means of getting to school. For more information on transportation, see page 22.
- Your decision for the 2020-2021 school year will not impact your child's school placement in future school years. Your child will still have the seat at the school they were attending in 2019-2020, or in the case of an elementary student transitioning to middle school, a seat at the middle school into which they were going to feed.

Some other considerations to help you make the best decision for your child and your family:

- What are your child's individual learning needs? Can those needs be met in either an in-person or remote environment?
- Will your child have adult supervision during the day to support the remote learning process or will your child be in need of childcare?
- Will you need bus transportation to school in order to attend in-person? Bus capacity will be limited and students will not be guaranteed transportation. Families may need to be responsible for transporting their own children to school each day. For more information about transportation, see pages 21-22.
- Are there any health concerns for your child or members of your members of your immediate household?

How to Select Your School Placement

- The default option for all students is remote learning.
- If a family would like in-person instruction on campus, they need to opt-in through an application. LPS will post this application form on the district website and will share this form via email and on social media. The application period will be August 19 - August 27, 2020. Families wishing to participate in remote learning do not need to fill out an application. It's important that families review the options, attend an information session and contact the Family Resource Center with any questions prior to submitting their forms, as we are asking that forms only be submitted once per child attending Lowell Public Schools.
- If more families opt-in than there are available seats (based on revised capacity numbers), a lottery will be held to determine who will be able to attend school in-person.
- A student's place in the lottery will be determined by a weighting system:
 - Students with Individualized Education Plans (IEPs)
 - Students identified with a 504 Plan (for learning related accommodations)
 - Students identified for McKinney Vento services
 - Students identified as English Learners (ELs)
 - Students in entry grades of each level (K-2; 5th grade; 9th grade)
 - Families who have more than one child enrolled in Lowell Public Schools
 - Students of Lowell Public Schools personnel
- We are encouraging students to walk or drive to school rather than take a school bus, in order to maximize safety and minimize exposure to other students on the way to and from school each day. In most cases, families will be responsible for providing transportation to and from their child's school. School bus transportation will be available for those with no other means of getting to school.. A lottery will be held for the limited transportation seats available. For more information about transportation, see pages 21-22.
- Families who prefer an in-person learning seat at a school within walking distance to their home may make a transfer request to this school for consideration. The transfer

How to Select Your School Placement

would only be for this school year and depends upon available space at that school. A transfer form will be available on the district website and shared with families.

- Families who registered their child for kindergarten between May 26-June 30 were entered into the kindergarten lottery. Families who secured a seat through the lottery will be eligible to attend that school in the 2021-2022 school year. This coming school year (2020-2021), all kindergarten students will be assigned to their neighborhood school - defined as the school which is in walkable distance to the student's home. This assignment will be for one school year only. There may be some exceptions (i.e. students who have older siblings in the school for which they secured a seat through the lottery will be eligible to remain in that school for the 2020-21 school year).
- Families opting for in-person instruction will be notified about their placement for the 2020-2021 school year beginning on September 4.
- If a family requests a different placement based on an extenuating health or safety reason or a change in family circumstances resulting in the need for a different placement, they can submit an appeal with the Chief Equity Officer.
- Your initial choice for where to start the school year (remote or in-person) is not locked in for the entire school year. Families will be given the opportunity to select a different option on a quarterly basis.
- Any changes to where a student attends school in 2020-2021 is for the 2020-2021 school year only. Students will revert to their 2019-2020 placement, or in the case of an elementary student transitioning to middle school, the middle school they were going to feed into during the 2021-2022 school year.

Two Full-Time Models To Meet the Needs of Students

	Full Remote	Full, In-Person
Classroom	<ul style="list-style-type: none"> • 1:1 devices - every student will receive a device • Set school schedule with clear attendance and participation requirements. Students graded on a typical scale. • Mix of live virtual lessons & independent learning across multiple subject areas • Project-based assessment and secure online testing 	<ul style="list-style-type: none"> • Typical schedule and curriculum with slight instructional changes to account for safety/social distancing • Students stay with same cohort/class • Standard assessment & grading • 1:1 devices - every student will receive a device
Operations	<ul style="list-style-type: none"> • Address hotspots/WiFi access • Coordinate delivery or pickup of supplementary materials (i.e. assistive technology) • Can still participate in sports or extracurriculars if available 	<ul style="list-style-type: none"> • Social distancing/different interactions • Students and staff must wear PPE (i.e. masks) • More limited transportation than previous years
Meal Service	<ul style="list-style-type: none"> • Grab and go meal sites 	<ul style="list-style-type: none"> • Students eat meals in classroom

Remote Learning Option

The LPS Remote Learning Task Force - composed of principals, teachers, staff and parents from across the district - worked together to develop a plan designed to provide a robust learning environment for students across multiple subject areas.

The remote plan is designed to establish consistent online platforms creating bridges between the educators and the families with regard to instruction, assignments, and communication to make learning and school completely virtual and able to be done in a remote setting through both live teaching lessons and independent work.

This is not the same remote learning plan used during the emergency closure last school year. The key to instituting an improved remote learning plan is the district being able to provide every student with their own device. Considerations will also be made for students with IEPs or with 504 plans needing adaptive technology.

In addition to a consistent technological platform for each grade level, there will be required attendance, as well as greater feedback for students through a more typical grading scale. LPS remote learning will follow grade-level instruction and Massachusetts Curriculum Frameworks.

Students can expect a consistent schedule of instruction, including set hours for live teaching and consultation with teachers. Staff will also have time available for collaboration, training, and parent meetings as needed.

Remote Learning Option

Adults may need to support students in setting up the technology in a place conducive to school work and work with school staff to ensure student attendance and participation, but overall, this remote learning model will not require the same amount of adult involvement as during the emergency closure.

Much of the work is anticipated to be a blend of daily teacher-directed instruction and student independent work following a predictable and structured schedule of instructional delivery. Remote learning for the 2020-2021 school year will utilize an online platform that was specifically designed for remote learning, including built-in learning activities and assignments that are aligned with grade-level learning standards and learning goals.

While students in PreK-4 who select remote learning will be assigned to a remote program within their assigned school, students in grades 5-12 who participate in remote learning will be assigned to a newly created online school within the district. By focusing on a new online school for the secondary schools, we will be able to focus on providing the best online learning experience for our students, utilizing best practices and technology platforms for delivering remote learning instruction. All students participating in the 5-12 remote school will return to the school they were attending in the 2019-2020 school year for the subsequent school year. If extracurricular activities are available, students would be able to participate at the school building to which they would have been assigned.

LPS Food Services will continue with its grab and go meal distribution sites to support students in our remote learning program. Once finalized, the meal site schedule will be shared with families via the district website, as well as by phone call and email.

In-Person Learning Option

The LPS In-Person Task Force developed a plan that calls for the most stringent health and safety standards for our school spaces while shifting our instructional practices to use more technology.

The District has made significant investments in devices, digital platforms, and individual materials so that students will not have to share materials while in school. All students - remote or in-person - will be receiving their own devices. The use of technology will reduce the use of student-shared materials making it easier for staff to keep spaces clean and sanitized.

LPS will still follow current attendance, assessment, and grading policies, as well as all grade-level instruction and Massachusetts Curriculum Frameworks. Social emotional learning will be emphasized.

Since we will be following strict guidelines for health and safety, it is important to understand that the in-person learning option will not replicate what the school experience was like prior to the emergency closure last school year.

Students will be required to wear a mask each day in school. Schedules will mandate regular, outdoor mask breaks.

Schools will map out learning spaces to calculate six feet of distance between student desks with all students facing the same direction. Students will still be able to interact

In-Person Learning Option

and work together, but will use technology in order to do so safely. Our investment in technology will also help us more easily pivot to a remote learning scenario later in the year if the medical data call for it.

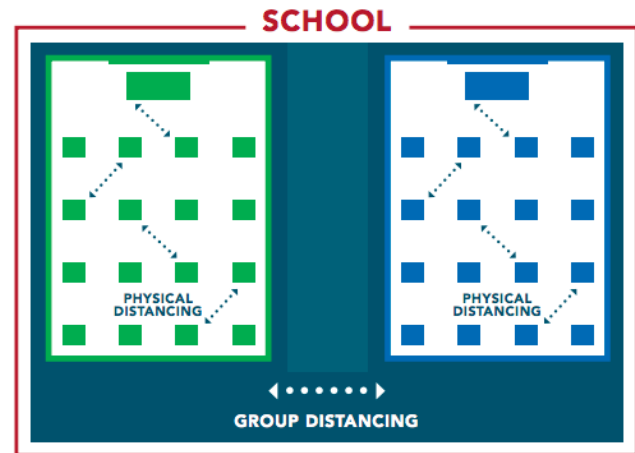

Our in-person plan calls for extensive safety procedures. Signage and floor markers will be posted to remind students about physical distancing. We have fogging machines to spray disinfectant in every building, and LPS is developing schedules to ensure the sanitation of rooms on a regular basis. The plan also includes

recommendations for cleaning frequently touched items, such as handrails, knobs, bathroom fixtures, etc.

Students will eat all meals in their classrooms, and staff will employ class or cohort scheduling, minimizing the interactions one group has with another in order to mitigate cross-contamination. Allied arts classes will be on a longer rotation schedule and will be held in the classroom for younger students. We will purposefully schedule English learner and special education students in cohorts to minimize exposure.

Student Capacity Per School¹

We will always choose to maximize safety over maximizing student capacity, so we will adhere to maintaining six feet of distancing in our school buildings. In addition to distancing in each classroom, there will be strict guidelines in place for common spaces like hallways, the cafeteria, gymnasium or auditorium to limit contact between different groups of students.

Operations staff have run an analysis to determine a revised capacity for each of our school buildings providing for six feet of social distancing factoring in classroom space as well as breakout areas or labs that could also be used for instruction. The chart on the next page shows the enrollment data for last school year compared to how many students can safely attend each building this school year. Buildings and classrooms will only be open for in-person learning after a full assessment of safety conditions - including air quality - is complete and after any required improvements are made. Some of the percentages on the chart may be adjusted as further assessment of each school is completed.

Based on data from the Return to School Parent/Guardian Survey, 70.8% of families indicated that if their child's school is open, they would plan to send them to school. So using that number as a benchmark, any school that can accommodate more than 70% of the 2019-2020 enrollment is shaded in green; schools that can accommodate between 60-70% are shaded in yellow; and schools that can accommodate less than 60% are shaded in red. If demand for the in-person model exceeds capacity at a given school, we will implement the lottery process as described on pages 11-12.

¹ Illustration from the Harvard School of Public Health "Healthy Buildings" report.

Student Capacity Per School

As an example, the Bailey Elementary School had 481 students enrolled last school year. There are 21 conventional classrooms that can fit an average of 12 students per room following new social distancing protocols (252 total students). Additionally, there are three breakout rooms that can fit an average of five students (15 total students). So, the Bailey's adjusted capacity is 267, or roughly 56% of what its enrollment was in 2019-2020. [A full breakdown of the number of classrooms and labs/breakout rooms in each building can be found here.](#)

School	2019/2020 Enrollment	Total Estimated Student Capacity Per School at 6' Distancing	% of SY19/20 Enrollment That Can Be On Campus w/ 6' Social Distancing

TOTALS	14627	10091	68.99%

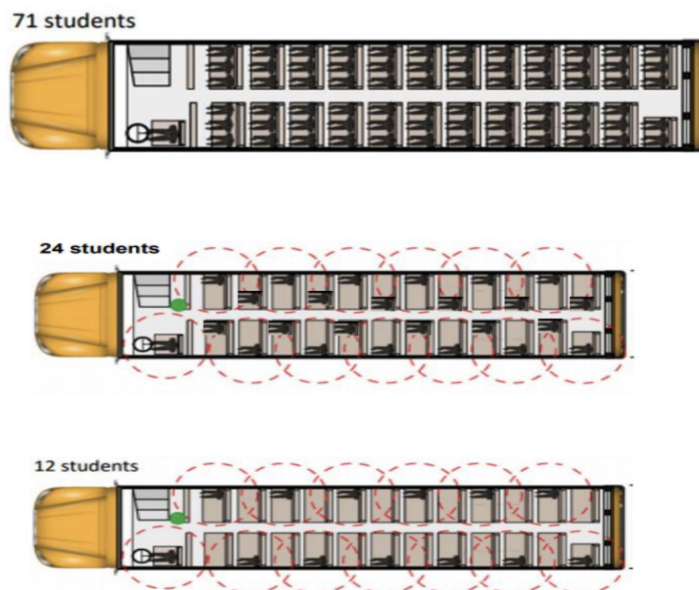

Transportation

Transportation is typically available for LPS students in grades K-8 - approximately 7,100 Lowell students (about 5,500 from LPS) utilized transportation services during the 2019-2020 school year. This fall, we are encouraging students to walk or drive to school rather than take a school bus, in order to maximize safety and minimize exposure to other students on the way to and from school each day. School bus transportation will be available for those with no other means of getting to school.

In 2019-2020, 66 buses were used for general transportation. These buses could hold up to 52 middle school students or 77 elementary school students.

With current CDC guidelines in place, only 25 would be able to ride a bus, which means we would need approximately 180 buses. We simply cannot acquire that many buses.

The following illustration shows what various distancing scenarios looks like on a bus:

Process of Requesting Transportation

- Once transportation capacity numbers have been determined, LPS will begin the process of assigning available seats to students who have selected and been assigned for in-person learning and have indicated they need transportation.
- If students attend a school outside of the walk zone designated by school policy and state law, they may have to choose family-provided transportation or opt to transfer to a school within walkable distance to their home.
- If demand for transportation exceeds the number of available seats, LPS will conduct a lottery for available seats using a weighted formula which accounts for legal rights of protected student populations and equity considerations. Examples of Weighting Considerations:
 - Students with Individualized Education Plans (IEPs)
 - Students identified with a 504 Plan (for learning related accommodations)
 - Students identified for McKinney Vento services
 - Students identified as English Learners (ELs)
 - Students in entry grades of each level (K-2; 5th grade; 9th grade)
 - Families who have more than one child enrolled in Lowell Public Schools
 - Students of Lowell Public Schools personnel

Face Coverings

Masks or face coverings are mandatory for all staff. Masks are also mandatory for students in all grade levels, preschool through grade 12.

Student masks will be provided by families, although masks will be available for students if they do not have them. Face shields may be used for students who are unable to wear masks due to medical, behavioral, or sensory issues.

Personal Protective Equipment & Cleaning Supplies

Personal protective equipment and cleaning supplies for each of our schools will be secured, including:

- Hand sanitizer
- Hand washing
- Sanitizing wipes
- Masks
- Gowns
- Face shields
- Gloves
- Fogging schedule within building/classrooms (already acquired fogger for each school)

This represents a significant cost for the district, but one that is necessary in order to safely operate our schools.

Sanitizing & Disinfecting Our Buildings

Our custodial staff will continue deploying additional disinfecting treatments in our buildings, such as using a disinfecting fogging/sprayer machines (pictured here).

The chart below provides details as to how often high touch surfaces (like door handles) will be cleaned, in addition to furniture and other items found in classrooms.

Cleaning Frequency	Examples
Daily	Classroom desks, tables, shared spaces
Multiple times per day	Door handles, light switches, handrails, sink handles, restroom surfaces, cafeteria surfaces, elevator buttons
Between uses	Toys, games, art supplies, instructional materials, keyboards, phones, printers, copy machines, seats on bus

Revised School Calendar for 2020-2021

Given the unique set of circumstances districts across Massachusetts are facing as we head back to school, the state has authorized districts to push the start date of the school year back by two weeks in order to provide staff with professional development opportunities, as well as additional preparation time to accommodate changes due to COVID-19. The following is a revised school calendar with staff returning on August 31 and students in grades 1-12 starting on September 17.

Monday, August 31, 2020	Staff Return to School to Begin 10 days of Professional Development
Friday, September 4, 2020	No School Labor Day Recess
Monday, September 7, 2020 *	No School – Labor Day
Thursday, September 17, 2020	First Day of School – Grades 1-12
Friday, September 18, 2020	First Day of School – Pre-Kindergarten & Kindergarten
Wednesday, October 7, 2020	Wednesday - ½ Day Early Release for grades PreK-12
Monday, October 12, 2020 *	No School – Columbus Day
Tuesday, November 3, 2020	No School for Students -Election Day -Professional Day for Staff
Wednesday, November 11, 2020 *	No School - Veterans’ Day Observed
Wednesday, November 25, 2020	Early Dismissal – Thanksgiving Recess
Thursday, November 26, 2020 *	No School - Thanksgiving Day
Friday, November 27, 2020 *	No School – Thanksgiving Recess
Monday, November 30, 2020	Schools Re-Open
Wednesday, December 9, 2020	Wednesday -½ Day Early Release for grades PreK-12
Wednesday, December 23, 2020	Holiday Vacation Begins at the Close of Day
Thursday, December 24, 2020 *	Christmas Eve
Friday, December 25, 2020 *	Christmas Day [Holiday Break: Thursday, December 24th – Friday, January 1, 2021]

* Central Administration, Family Resource Center will be closed in observance of a holiday

Revised School Calendar for 2020-2021

Friday, January 1, 2021*	New Year's Day
Monday, January 4, 2021	Schools Re-Open
Wednesday, January 13, 2021	Wednesday - ½ Day Early Release for grades PreK-12
Monday, January 18, 2021 *	No School – Martin Luther King, Jr. Day
Wednesday, February 10, 2021	Wednesday - ½ Day Early Release for grades PreK-12
Friday, February 12, 2021	Mid-Winter Vacation Begins at the Close of School
Monday, February 15, 2021 *	President's Day - [Mid-Winter Vacation: Monday, February 15 – Friday, February 19, 2021]
Monday, February 22, 2021	Monday - Schools Re-Open
Wednesday, March 10, 2021	Wednesday - ½ Day Early Release for grades PreK-12
Friday, April 2, 2021 *	No School – Good Friday
Friday, April 16, 2021	Spring Vacation Begins at the Close of School
Monday, April 19, 2021 *	Patriot's Day - [Spring Break: Monday, April 19th – Friday, April 23, 2021]
Monday, April 26, 2021	Schools Re-Open
Wednesday, May 12, 2021	Wednesday - ½ Day Early Release for grades PreK-12
Monday, May 31, 2021 *	No School – Memorial Day
June 2021 (TBD) Will be on the last day of School	TBD- ½ Day Early Release for grades PreK-12
Wednesday, June 16, 2021	170 th School Day
Wednesday, June 23, 2021	175 th School Day [Includes five (5) Snow Days]

* Central Administration, Family Resource Center will be closed in observance of a holiday

Out-of-School Time Programming

The Lowell Public Schools is fortunate to be one of the largest grantees of 21st Century funding in the state. We currently have 12 funded schools providing before school, after school and summer programming to more than 1,500 students. Additionally, LPS is a recipient of an Increased Access to Quality Afterschool and Summer Learning Programs grant and provides similar services to students in two additional schools (Pyne Arts and Reilly) to more than 300 students.

We have had great success with remote 21st Century and other grant-funded programming this summer. This district was able to maximize available resources to serve more than 3,000 students in the summer of 2020 - twice as many students than the district served in 2019.

The impact of COVID-19 will require adaptations to our current model of service delivery for our students. Our plan is to create a smaller cohort of students who will remain on site after school, but we also intend to offer a wide variety of remote learning enrichment options for our families who participate in remote learning or for those that would prefer a remote model after school.

The Summer and Vacation Learning Program Grant was recently awarded by the Massachusetts Department of Elementary and Secondary Education and the district has prioritized this funding to schools that currently do not have out of school time funding. Our plan is to offer an 8-week Saturday morning program to middle school students to provide academic support for those students most in need of additional instruction.

Out-of-School Time Programming

For our elementary students, we are planning to offer vacation week programs in February and April focused on STEM and ELA. This program will also be funded by the grant. The vacation week activities will be provided for four hours per day and will target up to 300 academically at-risk students.

Beginning in the fall of 2020 the district plans to offer academic support, tutoring and homework help remotely each afternoon and early evening. We plan to hold “office hours” through Google Meet so that all students can access a teacher as needed to answer questions or provide individual instructional support.

In addition to the academic support provided, we plan to offer increased enrichment programming that will be offered remotely like coding (multiple levels), e-sports, theater, environmental science, cooking, music lessons, book clubs, martial arts, and dance. One benefit to the remote aspect of the programming is students from across the district can enroll and attend the enrichment classes; it will not be limited to a school-only cohort of students.

The Lowell Public Schools is committed to providing robust academic and enrichment for our students who will benefit from the increased access to out of school time programming. Our goal is to seek out all funding opportunities that will allow us to expand the programs to service all students during out-of-school time hours.

On-Campus COVID-19 Exposure Scenarios

When planning for a return to our school buildings, it is important to plan for possible COVID-19 exposure scenarios. The Massachusetts Department of Elementary and Secondary Education provided the following guidance:

Quick reference sheet: Key actions for individual COVID-19 events

Event	Location of Event	Testing Result/Quarantine
<p>Individual is symptomatic</p>	<ul style="list-style-type: none"> If an individual is symptomatic at home, they should stay home and get tested. <hr/> <ul style="list-style-type: none"> If an individual student is symptomatic on the bus or at school, they should remain masked and adhere to strict physical distancing. Students will then be met by the nurse and stay in the medical waiting room until they can go home. They should not be sent home on the bus. If an individual staff member is symptomatic at school, they should find coverage for their duties and then go home and get tested. 	<p>Individual tests negative</p> <ul style="list-style-type: none"> Return to school once asymptomatic for 24 hours. <hr/> <p>Individual tests positive</p> <ul style="list-style-type: none"> Remain home (except to get medical care), monitor symptoms, notify the school, notify personal close contacts, assist the school in contact tracing efforts, and answer the call from the local board of health or MA Community Tracing Collaborative. Most people who have relatively mild illness will need to stay in self isolation for at least 10 days and until at least 3 days have passed with no fever and improvement in other symptoms. <hr/> <p>Individual is not tested</p> <ul style="list-style-type: none"> Remain home in self-isolation for 14 days from symptom onset.

On-Campus COVID-19 Exposure Scenarios

Event	Location of Event	Testing Result/Quarantine
<p>Individual is exposed to COVID-19 positive individual</p>	<p>If an individual is at home when they learn they were in close contact with an individual who tested positive for COVID-19, they should stay at home and be tested 4 or 5 days after their last exposure.</p> <hr/> <p>If an individual is at school when they learn they were in close contact with an individual who tested positive for COVID-19, they should be masked for the remainder of the day and adhere to strict physical distancing. At the end of the day, they should go home and should not take the bus home. They should stay at home and be tested 4 or 5 days after their last exposure.</p>	<p>Individual tests negative</p> <ul style="list-style-type: none"> Return to school, if asymptomatic or once asymptomatic for 24 hours. <hr/> <p>Individual tests positive</p> <ul style="list-style-type: none"> Remain home (except to get medical care), monitor symptoms, notify the school, notify personal close contacts, assist the school in contact tracing efforts, and answer the call from the local board of health or MA Community Tracing Collaborative. Most people who have relatively mild illness will need to stay in self isolation for at least 10 days and until at least 3 days have passed with no fever and improvement in other symptoms. <hr/> <p>Individual is not tested</p> <ul style="list-style-type: none"> Remain home in self-quarantine for 14 days from exposure.

While specific protocols vary, there are some common elements for each possible COVID-19 scenario - evaluate symptoms; separate from others; clean and disinfect spaces visited by the person; test for COVID-19 and stay at home while awaiting results.

It is important for students and staff to stay at home if they are feeling sick.

Additional Resources

Stay Connected

Families are encouraged to stay up-to-date with the latest school information by visiting the [district website](#), following the district [Facebook](#) and [Twitter](#) pages, and by making sure your [contact information](#) is up-to-date so you can receive phone calls and email notifications from LPS.

Family Resource Center

Families may contact our Family Resource Center (FRC) with any questions or concerns.

- Family Resource Center 978-674-4321 (English)
- Family Resource Center 978-674-2073 (Khmer)
- Family Resource Center 978-674-2072 (Spanish)

The FRC website is: www.lowell.k12.ma.us/frc. Families may also submit questions using our [online form](#). Please do not submit your preference for the 2020-2021 school year using this form. This form is for inquiries only.

Special Education Services

LPS is committed to providing students with disabilities access to curriculum and general education programs. Special education support and services should not be viewed as a separate model, but instead as part of the continuum of supports, services and interventions created to ensure that the educational environment is responsive to the diverse learning needs of all students. Working together staff can ensure equal opportunity, full participation and increased outcomes for all learners, including students with disabilities.

Families can reach the Special Education department by calling 978-674-4322.

Central Office Bilingual Family Liaison Team

If families of English learner students have any questions or concerns, they can contact the Bilingual Family Liaison team for support. To contact the team, please reach out to Vannak Khin or contact a Bilingual Family Liaison directly via email. You may also call the Family Resource Center to connect with the Bilingual Family Liaison team at 978-674-4321.

We will use our Language Line
interpreters to call you back in your
language.

McKinney-Vento

The McKinney-Vento Act covers children and youth who don't have a fixed, adequate, and regular nighttime residence, including living:

- in a shelter
- in a motel, hotel, or campground
- in a car, bus, or train station, or some other inadequate accommodations OR
- with other people due to loss of housing, economic hardship or similar reason
- This includes migrant and unaccompanied youth living in any of the above situations

Who are unaccompanied youth?

Youth who are out of physical custody of a parent or legal guardian and lack fixed, regular, and adequate housing have all the rights of other homeless students.

Frequently Asked Questions

We live with another family. We cannot provide the required proof of address. What can we do?

- If you are living with a Lowell resident, you will need to complete a third party affidavit. Both of you (child's parent/guardian and the Lowell resident with whom you are living) must fill out the form and have it notarized. The Lowell resident will need to have a photo id and a current utility bill. The Family Resource Center has a Notary Public on staff.

I live in a shelter. I want to enroll my child in school and do not have all the required documents.

- Families who are identified under McKinney-Vento do not need to have any documents to start registration. The Family Resource Center will enroll your child and our McKinney-Vento Family Specialists will help you obtain the missing documents.

My family qualifies for McKinney-Vento services. Will my child receive free lunch?

- All children in the Lowell Public Schools receive free breakfast and lunch.

McKinney-Vento

We recently lost our home due to a fire. Can you help me?

- Yes. The Family Resource Center has McKinney-Vento Family Specialists on hand to help families who have lost their homes due to fire, eviction, domestic violence, unemployment, etc.

If we are placed in a new shelter, does my child need to change schools?

- No. Your child is entitled to remain in their "school of origin." The school of origin is the school the child was attending when the family became homeless.

If you are experiencing homelessness or housing instability, please call 978-674-4321, or contact one of the LPS McKinney-Vento Family Specialists:

Jeanne Maguire - jmmauguire@lowell.k12.ma.us

Military Interstate Children's Compact Commission

The Military Interstate Children's Compact Commission (MIC3) is designed to help children of military families deal with the transition to a new school district due to a parent's reassignment or deployment. Families must be provided the opportunity to self-report. Children are eligible under MIC3 if they fall into 1 of 3 categories:

- Child of active duty member
- Child of member who died on active duty
- Child of members or veterans who are medically discharged or retired within the last year, or within 1 year

Families must self-report to the school district. At the time of enrollment, families are provided a questionnaire asking if they fall in one of the above categories. The form is also available [here](#). For more information on rights provided to military families under MIC3, please visit: www.mic3.net/ or www.doe.mass.edu/sfs/mic3/.

Questions? Please call the Family Resource Center at 978-674-4321.

Return to School Task Force

Superintendent Boyd formed task forces back on May 26 in an effort to develop scenario plans for three back-to-school options - full, in person; hybrid; and full remote learning. Chief Schools Officer Dr. Linus Guillory and Chief Academic Officer Robin Desmond immediately coordinated with principals to bring teachers, parents, school-based administrators, and Central Office staff together to begin Phase 1 of this important work. Dr. Boyd officially launched the Return to School Task Force on June 2.

Phase 1 Task Force Members

PK-8 Convener: Dr. Kate McLaughlin (Morey)

LHS Convener: Dr. Roxane Howe

Full In-Person Subgroup PK-8

Wendy Crocker-Roberge, Pyne Arts Principal (Group Leader)	Anabel DaSilva, Sullivan Teacher
Meredith Kay, Bailey & Daley Parent	Jeff Gwiazda, Mathematics Coordinator
Maria Perez, McAuliffe & Robinson Parent	Christine Adams, Adie Day School Coordinator
Haley King, McAuliffe Teacher	Art Santos, Technology Integration Specialist
Kerryann Coppinger, Shaughnessy Teacher	Carl DeRubeis, Robinson Assistant Principal
Molly Kelly-Muon, Butler Teacher & UTL Middle School Vice President	Jeffrey Pickette, Community Outreach Specialist

Full In-Person Subgroup LHS

Angela Lawler-Brennan, Student Support Specialist (Group Leader)	Meghan Tesini
Nate Kraft	Boyd Bertrand
Amanda Ernst	Jessica Daviso
Alsion Montemurro	Colleen Winn
Margaret Kennedy	Maria Vejar
Patricia Adams	Dorian Popescu
Charles Bolianites	Kathy Doughty, LHS Parent

Hybrid Subgroup PK-8

Liam Skinner, Daley Principal (Group Leader)	Christina Pappalardo, Butler Teacher
Beth Gaspar, Lincoln & Daley Parent	Melissa Newell, ELA Coordinator
Vuoch Sabandith, Reilly & Sullivan Parent	Michael Lovato, Special Education Director
Lisa Hogan, Cardinal Teacher	Vero Roberts, Technology Integration Specialist
Tricia Pappathan, Moody Teacher	Colleen Parrington, Washington Teacher
Rachel Crawford, Bartlett Teacher	Ann Whitney, Academic Coach

Hybrid Subgroup LHS

Dr. Stephanie Selvaggio, Science Chair (Group Leader)	Sharon Bisantz, Leblanc Teacher
Scott Ouellet	Allyson Carbone
Amanda Perrin	Wayne Taylor
Cailin Stearns	Suzanne Riley
Robert DeLossa	Megan O’Loughlin, Career Academy Coordinator
Bopha Boutselis	Sherley Blood Thom
Emily Steinberg	Stacy Nelson, LHS Parent

Full Remote Learning Subgroup PK-8

Dr. Matt Stahl, Wang Principal (Group Leader)	Kerien Driscoll, STEM Academy Teacher
Zeilika Henry, Murkland Parent	Elaine Santelmann, Science Coordinator
Nancy Gomez, Laura Lee & Washington Parent	David Anderson, McAuliffe Principal
Beth Welch, Reilly Teacher	Kara Wilkins, Technology Integration Specialist
Cheryl Pollard, Stoklosa Teacher	Donna Maluccio, Assistant Special Education Director
Susan Uvanni, Morey Teacher & UTL Elementary Vice President	Katie Mahoney, Wang Teacher

Full Remote Learning Subgroup LHS

Dr. Libby Often, Mathematics Chair (Group Leader)	Marcia Fernsten
Liz Gilreath, LHS Parent	Ari Sullivan
Barbara Beaton	Tricia Gabor
Robin Boots	Malinda Pires
Gina Martel	Amy Woo
Stephen Gervais	Donna Newcomb
Thomas Heywosz	Jaya Sinha
Deanna Stanford	

The Phase 1 framework for our three scenarios was completed by early July. Concurrently, LPS conducted a two-part survey of parents to ascertain their preferences and concerns about returning to school in the fall, as well as to reflect on the learning during our emergency closure in Spring 2020. Based on how the families responded, and what the Phase 1 subgroups recommended for further study, we entered Phase 2 planning with 14 district-based subgroups and a planning group for every individual school (with LHS having more than one subgroup based on the size of the school). All staff and School Site Council parents who responded to the invitation to participate were placed on a subgroup which was one of their top three choices.

Health Protocols

Subgroup Leader: Jason McCrevan, Washington Principal (Group Leader)	Christine Adams, Adie Day School Coordinator
Michelle Vicente, Special Education Nurse	Bopha Boutselis, LHS Teacher
Beth Moffett, Nurse Manager, Lowell Health Department	Nancy Gomez, Washington & Laura Lee Parent
Molly Kelley-Muon, Butler Teacher & UTL Middle School Vice President	Lea Foley, Special Education Nurse
Kimberly Vespo Tower, McAvinnue Teacher	Brigette Beauchesne, LHS Teacher
Kerry Marshall, Pawtucketville Teacher	

PK-8 Science and Social Studies

Elaine Santelmann, Science & Social Studies Coordinator (Group Leader)	Amanda Paquette, Greenhalge Teacher
Charlene Wooster, McAvinnue Teacher	Rebecca Cox, Stoklosa Teacher
Anabel DaSilva, Sullivan Teacher	Carl Foss, Bartlett Teacher
Erin Hebert, Pyne Arts Teacher	Patti Adams, LHS Teacher & IDEA Camp Coordinator
Ann Whitney, Academic Coach	

PK-8 Literacy

Melissa Newell, ELA Coordinator (Group Leader)	Bridget McNulty Davila, Butler Teacher
Cheryl Pollard, Stoklosa Teacher	Susan Uvanni, Morey Teacher & UTL Elementary Vice President
Katie Mahoney, Wang Teacher	Cate Hugo, Washington Literacy Specialist
Sue Rabias, Shaughnessy Literacy Specialist	Heather DeLucia, Bailey Teacher
Maghan Hickok, Bartlett Literacy Specialist	Katie Larocque, Morey Teacher
Siobhan McKenna, Robinson Teacher	

PK-8 Math

Jeff Gwiazda, Math Coordinator (Group Leader)	Melissa Alonardo, STEM Academy Teacher
Matt Santy, Wang Assistant Principal	Erin Costello, Stoklosa Tutor
Christina Pappalardo, Butler Teacher	Ann Early, Butler Teacher
Bethanne Welch, Reilly Teacher	Dr. Libby Often, LHS Mathematics Chair
Kerry Marshall, Pawtucketville Teacher	Ellen Conklin, Shaughnessy Teacher
Amy Guerreiro, Butler Teacher	Fernanda Lopes, Butler Math Resource Teacher
Barbara Smith, Murkland Teacher	

ESL

Dr. Phala Chea, ESL Coordinator (Group Leader)	Elaine Williamson, Greenhalge Teacher
Sean Carabatsos, Reilly Principal (Group Leader)	Marcia Fernsten, LHS Teacher
Kara Wilkins, Technology Integration Specialist (Group Leader)	Melinda Kellett, Greenhalge Teacher
Tricia Pappathan, Moody Teacher	Stephen Gervais, LHS EL/World Language Chair
Vannak Theng, Robinson Teacher	Gordon Halm, Community Representative & Parent
John Rolfe, STEM Academy Teacher	Audrey Levin, McAuliffe Teacher
Teresa Morrison, Pawtucketville Teacher	Katerynne Patino, Parent Liaison
Amy Woo, LHS Teacher	Julie Peal, McAuliffe Teacher

Technology (Ongoing since March)

K.C. Nelson, IT Coordinator (Group Leader)	Dr. Matt Stahl, Wang Principal
Michael Hoppe, Help Desk Coordinator	Malinda Pires, LHS Instructional Specialist
David Nehme, Technology Support Liaison	Robin Desmond, Chief Academic Officer
Sean Carabastos, Reilly Principal	Dr. Roxane Howe, LHS Discipline & Operations Specialist
Dr. Mathew McLean, Pawtucketville Principal	Carolyn Rocheleau, Special Programs Coordinator
Teresa Soares-Pena, Butler Principal	Kara Wilkins, Technology Integration Specialist

Special Education

Dr. Matt Stahl, Wang Principal (Group Leader)	Donna Newcomb, LHS Teacher
Michael Lovato, Special Education Director	Christina Welch, Wang Teacher
Lisa Simpson, Morey Teacher	Lisa Morgan, Wang Teacher
Colleen Parrington, Washington Teacher	Deena Meli, ETC
Paula Peters, Laura Lee Coordinator	Debra Janas, Speech Language Pathologist
Michelle Rhoads, Robinson Teacher	Carolyn Cuneo, Leblanc Coordinator
Casey Bettencourt, Adie Day School Teacher	Nicole Fox, Washington Parent
Allyson Carbone, LHS Special Education Chair	Crystal Mello, Adie Day School Parent
Lori Conlon, Greenhalge Teacher	Karen Walton, Shaughnessy Teacher
Hayley Blatus, Adie Day School Paraprofessional	Alison Gervais, Pyne Arts Teacher
Laura Katz, Washington Teacher	Barbara Beaton, LHS Teacher
Phakdey Yous, School Psychologist	

Enrollment, Assignment & Transportation

Dr. Rebecca Duda, FRC Coordinator (Group Leader)	Scott Ouellet, LHS Teacher
John Descoteaux, Transportation Director	Tara Oslan, McAuliffe & Wang Parent
Kristen Crotty, STEM Academy Teacher	Abby Phillips, Greenhalge Parent
Donna Maluccio, Asst. Special Education Director	Elizabeth Kulesza, Greenhalge Teacher
Stephen Gervais, LHS ESL/Foreign Language Chair	

Facilities Planning & Infrastructure Assessment

Ginger Coleman, Lincoln Principal (Group Leader)	Abbie Garcia, Bailey Teacher
Dr. Greg Passeri, Shaughnessy Principal (Group Leader)	Alison Montemurro, LHS Teacher
Rick Underwood, Operations & Maintenance Director	Margaret Kennedy, LHS Teacher
Paul St. Cyr, Facilities Manager	Ray Lafortune, Morey Senior Custodian
Dennis Ferreira, Wang Senior Custodian	Tina Novo, Wang Parent
Michael Sheehan, LHS Senior Custodian	Jessica Williams, Lincoln Teacher
Carl DeRubeis, Robinson Assistant Principal	Susan Brassard, LHS Teacher
Sharon Perry, Lincoln Teacher	

Communications to Families

Jeffrey Pickette, Community Outreach Specialist (Group Leader)	Rachel Crawford, Bartlett Teacher
John Overton, District Webmaster	Wendy Zyla, Adie Day School Admin. Assistant
Vannak Khin, Parent Liaison Coordinator	Robert DeLossa, LHS Social Studies Chair
Meredith Kay, Bailey & Daley Parent	Joseph Alcaraz, McAvinnue Assistant Principal
Dr. Jeff Wilson, Reilly Parent	Dr. Jennifer Scarpati, Greenhalge Principal
Lisa Caten, Bailey & Daley Parent	

Social Emotional Learning & Responding to Student Trauma

Mike Domina, McAvinnue Principal (Group Leader)	Rachel Margaglione, Lincoln Teacher
Frank Vicente, Lincoln Assistant Principal (Group Leader)	Greg Pastrick, LHS Teacher
Amanda Delworth, Bailey Social Worker	Dr. Kimberlee Henry, STEM Academy Principal
Jen Beland, Lincoln Social Worker	Yvette Cheeks, LHS Mediation Coordinator
Debbie Costello, Robinson Social Worker	Abraham Osario, District Climate Specialist
Lyndsey Killilea, SEL Coordinator	Christa Murphy, Bartlett Teacher
Mary Payne, Student Support Specialist	Renee Espinola, Shaughessy Social Worker
Petra Farias, LHS Student Support Specialist	Katie Jones, Cardinal Parent
Dr. Stephanie Selvaggio, LHS Science Chair	Pete Sylvain, Murkland Parent
Kate Burgess-MacIntosh, McAvinnue Teacher	Rithy Uong, LHS Guidance Counselor
Kelly Leary, Stoklosa Teacher	Carla Correa, LHS Social Worker
Sarah Brooks, Sullivan Social Worker	Amy Ventre, STEM Academy Social Worker

Individual School Planning

Elementary Leaders: David Anderson (McAuliffe) & Kevin Andriolo (Murkland)
K-8 & Middle School Leaders: Wendy Crocker-Roberge (Pyne Arts) & Liam Skinner (Daley)
LHS Leaders: Dr. Roxane Howe, Dr. Stephanie Selvaggio, Dr. Libby Often, & Angela Lawler-Brennan

Assessment, Grading, and Reporting to Parents

Abbie Anderson, Director of Research and Accountability (Group Leader)	Dr. Libby Often, LHS Mathematics Coordinator
Kerien Driscoll, STEM Academy Teacher (Group Leader)	Rob DeLossa, LHS Social Studies Chair
Susan MacLeod, Robinson Instructional Specialist	Maria Perez, McAuliffe & Robinson Parent
Jeff Todd, Daley Teacher	Rebecca Starcevic, Pyne Arts Parent
Peter Holtz, Bartlett Principal	Diane Cahill-Zdon, Washington Teacher
Katie Urbine, Pyne Arts Teacher	Megan Tesini, LHS Teacher

LHS 9-12 Curriculum & Assessment

Mike Fiato, LHS Head of School (Group Leader)	Dr. Roxane Howe, Business/Culinary Chair
Dr. Libby Often, Mathematics Chair	Stephen Gervais, EL/World Language Chair
Dr. Stephanie Selvaggio, Science Chair	Allyson Carbone, Special Education Chair
Robert DeLossa, Social Studies Chair	Dave Lezenski, Physical Education Chair
Suzanne Keefe, ELA Chair	Jessica Daviso, Fine Arts Chair

Early Childhood

Lisa Van Thiel, Early Childhood Coordinator (Group Leader)	Sarah Bowlen, Murkland Teacher
Lisa Tenczar, Cardinal Teacher (Group Leader)	Brianne LeMay, Murkland Teacher
Keliann Woodlock, Morey Assistant Principal	Beth Gaspar, Lincoln & Daley Parent
Jen Stack, Bartlett Teacher	Hannah Donovan, Cardinal Teacher
Kerryann Coppinger, Shaughnessy Teacher	Tricia Dolan, Lincoln Teacher
Erin Hillman, Morey Teacher	Sue McCoy, Washington Teacher
Lynn McKelvie, Morey Teacher	Kelly Ash, Cardinal Paraprofessional
Shelagh Gallagher, Moody Teacher	Shannon Green, Shaughnessy Teacher
Karen Tyros, Adie Day School Teacher	Lisa Hogan, Cardinal Teacher

Additionally, the convener and/or the superintendent’s cabinet consulted with the following people to include their areas of expertise:

- Heather Ganley, Attendance Supervisor
- Sharon Lagasse, General Manager, Aramark
- Alysia Spooner-Gomez, Food Service Manager, Aramark
- Latifah Phillips, Chief Equity & Engagement Officer
- Dr. James Hall, Chief Operating Officer
- Billie Jo Turner, Chief Financial Officer
- Kerry Kearns, Deputy Chief Financial Officer
