COVID-19 Data in Lowell

Date	Average Daily Incidence Rate Per 100,000	Percent Positivity Rate
8/12/20	2.24	1.18
8/19/20	2.9	1.34
8/26/20	2.4	1.18
9/2/20	4.2	1.5
9/9/20	5.9	1.74
9/16/20	6.4	1.98
9/23/20	7.9	2.24
9/30/20	10.9	2.71
10/7/20	16.3	3.57
10/14/20	16.4	3.29
10/22/20	13.3	2.89
10/29/20	17.6	3.95

Date	Average Daily Incidence Rate Per 100,000	Percent Positivity Rate
11/6/20	27.7	4.97
11/12/20	42.1	6.45
11/19/20	64.2	8.85
11/27/20	80.7	10.18
12/3/20	78.3	10.37
12/10/20	102.03	11.90
12/17/20	134.4	12.33
12/24/20	120.9	11.49
12/31/20	91.1	10.80
1/7/21	78.8	10.15
1/14/21	88.0	10.42
1/21/21	87.0	10.15

Lowell Public Schools (9/1/20 - 1/22/21)

	Total Covid Positive (as of 1/22/21)	Total # Quarantined due to In-Person Instruction	Total # Quarantined due to Outside School Factors	Approximate # Quarantined reporting period (1/04 - 1/15)
Staff	62 (3)↑	123	97	9 (3) ↑
Students	39	207	27	0
TOTAL	101(3) ↑	330	124 (3)	9 ↑

Notes:

1. The numbers above include In-Person Students and Staff **ONLY**
2. **All the above numbers in parentheses** represent change from the previous reporting period
3. The **approximate # quarantined** is variable since the return date is approved by the health department. This number changes daily especially since there are now (3) different quarantine guidelines for close contacts.
4. Numbers **include Athletics** (coaches and students, etc.)

Access to COVID-19 Testing in Schools

- Studying feasibility of utilizing Abbott BinaxNOW antigen testing program for when more students are in schools;
- State Sponsored Pool Testing: Pooled testing involves mixing several test samples together in a “batch” or “pool” and then testing the batch. This approach increases the number of individuals that can be tested using the same amount of resources. Test is performed once a week with an anterior nasal swab for all students and staff members.
- Results are delivered within 24-48 hours.
- If the pooled test result is negative, all are presumed to be negative. If the pooled result is positive, all are quarantined until re-tested individually.

Lowell Public Schools COVID Dashboard

Located on the Lowell Public Schools website: <https://www.lowell.k12.ma.us/coviddashboard>

Includes information and updates on:

- COVID-19 data
- Protocols and guidelines
- Where to go to get tested
- What to do if you test positive, or are a close contact
- COVID-19 Vaccine

Current Learning Model:

All Lowell Public Schools students are taking part in remote learning.

Plan for students returning on campus:

The School Committee, after consultation with the Board of Health, set the following target dates for returning students to in-person learning, provided the COVID-19 data can improve between now and then:

What are the goals for returning to In-Person Learning in school buildings?

Return to in-person learning is dependent on the prevailing data

- Decisions are made based on three-week trends in incidence rate, positivity rate, community-wide spread and in-school transmission following the guidance of DESE and in consultation with the Lowell Board of Health.

The School Committee set the following target dates for returning students to in-person learning, provided the COVID-19 data can improve between now and then:

- **February 1** - Students in substantially separate special education programs who were previously participating in our in-person learning model
- **March 1** - Students, who are not in a substantially separate special education program, but were previously served in-person this school year as part of our original school reopening plan
- **April 1** - Expansion of our in-person learning model to include additional students beyond those who were assigned to in-person learning at the beginning of this school year.

Current Status of COVID-19 Vaccine

MA Plans a Three Phase Roll Out

- The first group will include healthcare workers, people in long-term care, and first responders, as well as inmates at correctional facilities.
- **The second phase will likely begin in February** and targets those with underlying health problems, people over the age of 65 and **essential workers like grocery store employees and teachers.**
- Phase three is for everyone else and is set to start in April.

Next Steps

- Monitor PPE availability and options;
- Continue to meet with City personnel on facility readiness and potential improvements;
- Monitor onsite COVID-19 testing grants and options and meet with City to collaborate on testing capabilities;
- Work with City to enhance contact tracing;
- Provide information in regard to vaccine availability for school personnel.
