The Abisi Adult Education Center offers classes that prepare students to take either exam and is an approved test center. ## MENTAL HEALTH AWARENESS

In February, we asked 172 AAEC students to complete a short survey about mental health. Your responses will help us develop and plan Mental Health Awareness programs at AAEC. Below are the results from the survey.

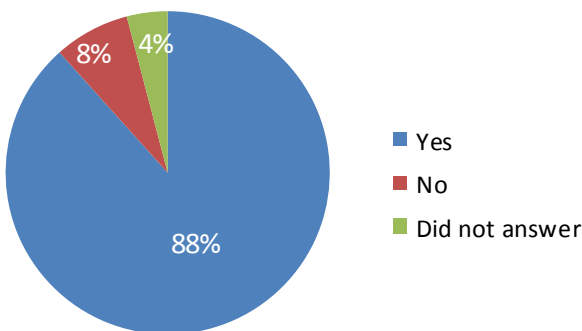

### Have you felt or experienced the following:

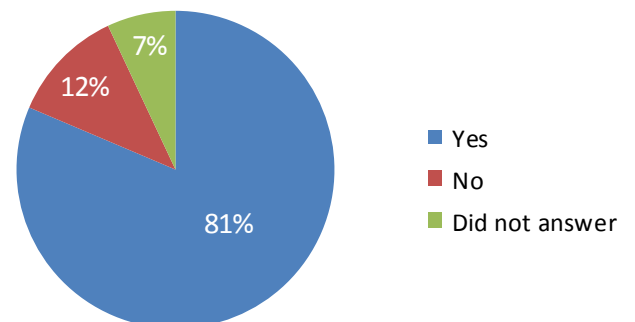

### Do you know the signs or symptoms of these mental health conditions?

### Do you think mental health is as important as physical health?

### Would you like to learn more about mental health awareness?

# STUDENT INFORMATION AND ACTIVITIES

## MENTAL HEALTH WELLNESS

Mental health includes our emotional, psychological and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood.

Over the course of your life, if you experience mental health problems, your thinking, mood, and behavior could be affected. Many factors contribute to mental health problems, including:

- Biological factors, such as genes or brain chemistry
- Life experiences, such as trauma or abuse
- Family history of mental health problems

Last month, teachers Eileen and Gail came into each class and showed a short video to all the classes titled *Be the One to Make a Difference*.

This video emphasized how **“you can be the one to make a difference in someone’s life.”** Statistics show many people who suffer from mental illness or addiction won’t ask for help and only 41% will get the treatment they need.

Other Mental Health Statistics:

- 1 in 5 Americans experience a Mental Health disorder in a single year.
- More than 20 million Americans ages 12 and older will face an addiction.
- Almost half of American adults will experience a mental illness during the course of their lifetime.

## CENSUS 2020

The 2020 Census counts every person living in the United States on April 1—no matter where they are from, why they are here in the United States, and whether or not they are documented. This includes temporary workers, international students, and workers on assignment from overseas.

Everyone must participate in the Census. In March 2020, Census letters will be mailed out. It is easy to complete and only takes a few minutes.

The Abisi Adult Education Center is a designated partner of the U.S. Census and will be working with the U.S. Census Bureau to make sure our students are counted. AAEC staff will be available in the computer lab from Monday, March 16 to Friday, March 27 to help students complete their census information.

### Census Timeline

<b>MARCH 12-20</b>	<p>Your household will receive a letter in the mail from the Census Bureau with a unique identification number that is tied to your home address. Complete the questionnaire by Census Day on April 1, 2020. You can complete your census questionnaire either online or by phone.</p> <p><u>Example of the letter you will receive:</u></p> <div style="display: flex; justify-content: space-around;"> <div style="border: 1px solid gray; padding: 5px;">  </div> <div style="border: 1px solid gray; padding: 5px;"> <p style="text-align: right;"><small>United States</small> <b>Census 2020</b></p> <p>Dear Resident:</p> <p>This is your invitation to respond to the <b>2020 Census</b>. <b>MAY 2020</b>	If a household does not respond to any of the invitations, a census taker will follow up in person sometime between May 13 and July 31 at your home.		

### Remember, taking part in the Census is:

- **Important.** It will decide how much money the government will give our programs, community organizations, businesses, schools, Representatives in Congress, and more.
- **Safe.** Your personal information is safe, secure, and protected by federal law. Your answers can only be used to produce statistics—**they cannot be used against you in any way.**
- **Easy.** It takes approximately 10 minutes to complete the questionnaire. The online questionnaire will be available in 12 non-English languages (Spanish, Chinese, Vietnamese, Korean, Russian, Arabic, Tagalog, Polish, French, Haitian Creole, Portuguese, and Japanese).
