

Lowell Public Schools Chromebook Use Procedures and Guidelines

Chromebook Care and Maintenance

1. Students are responsible for the safety, maintenance, and activity of their own Chromebook.
2. Students must never loan the device to anyone for any reason.
3. Students will not deface the Chromebook in any way (i.e. scoring, carving, painting, permanently marking). No modifications including removable skins, stickers or anything that cannot be quickly removed shall be put on the device. Students may not remove any district applied asset tags, and should make every effort not to cover district applied asset tags.
4. Care should be taken to protect the device from the elements. This includes accidental food and beverage spills, excess humidity and precipitation, extreme cold weather, and leaving in direct sunlight. All of these things will harm the device and are not covered under the typical warranty.
5. Students will not place heavy objects on top of the Chromebook as pressure can damage the screen.
6. Students will make sure nothing is on the keyboard before closing the Chromebook in order to prevent damage to the screen.
7. Do not spray the Chromebook directly with cleaners.
8. Cords and cables must be inserted and removed carefully to prevent undue wear and damage.
9. Chromebooks must never be left in an unlocked locker, unlocked car, or any unsupervised area.
10. All Lowell Public School Chromebooks are outfitted with an asset tag for inventory purposes. Asset tags may not be removed or altered in any way.
11. Any attempt to alter the Chromebook or change the configuration of the device will result in immediate disciplinary action.
12. Students will be allowed to download apps and extensions approved by LPS only. The only apps or extensions students will have access to will be made available through the management system.

Chromebook Usage Expectations Outside of School

1. Students are allowed to set up access to home wireless networks on their Chromebooks to do their schoolwork from home.
- 2. It is the sole responsibility of the parents/guardians to monitor device use outside of school. If parents/guardians are interested in providing content filtering at home, it is suggested that parents/guardians contact their Internet provider for details and support.**
3. It is highly recommended that students completely turn off their Chromebooks at night. This will allow the device to update on its own when powered on the following day.

Saving to the Chromebook

1. Students should save work to their school Google Drive accounts when using their Chromebook.
2. Chromebooks will NOT be backed up by the district in cases of resetting or reimaging.

Student

Google Accounts are in the cloud and saved automatically so resetting or reimaging does not affect content saved there.

3. It is the student's responsibility to ensure that their work is backed up for any items not saved to Google Drive. Items not saved to Google Drive can be lost due to mechanical failure or accidental deletion.

Student Safety Expectations

1. I will follow the Lowell Public Schools' Acceptable Use Policy.

2. I will obey all school rules concerning behavior and communication that apply to technology use.
3. I will only use my Chromebook with my school account.
4. I will not participate in bullying, harassing, stalking or teasing other people or publicly defaming people by spreading gossip, insults or other unkindness, and/or accessing any social network, website, blog, Wiki, etc. with the purpose of creating, viewing or participating in the humiliation of others.
5. If I see a message, comment, image or anything else online that makes me concerned for my safety or the safety of another student (for example something that could be considered harassment, bullying, or a threat), I will bring it to the attention of a teacher or administrator immediately.
6. I will visit websites as directed by my teacher as appropriate to complete any assignments. If I am unsure if a site is appropriate, I will check with a teacher, administrator, or parent/guardian before opening the website.
7. If I'm uncertain whether an activity is permitted or appropriate, I will ask a teacher or administrator before engaging in that activity.
8. I will not request, make, or forward sexually suggestive photographs.
9. I will not retrieve material that is obscene, profane, violent, discriminatory or depicts or describes illegal activities.
10. I will comply with trademark and copyright laws and all license agreements. Ignorance of the law is not immunity. If you are unsure, ask a teacher or parent.
11. I will give credit to all sources used, whether quoted or summarized. This includes all forms of media on the Internet, such as graphics, movies, music, and text. Plagiarism is a violation of the Lowell Public Schools student rules.

Loss, Theft or Damage

1. In the event that a Chromebook is lost or stolen, students should notify their teacher and the District's Technology Department immediately. The Chromebook will have absolutely no value to anyone but the student it is assigned to. The device will not allow any other user to log in.
2. In the event of damage to a Chromebook that is outside the typical manufacturer warranty, parents/students will be responsible for the repair. The first time this happens, the student will pay for 50% of the repair/replacement cost, on the second and subsequent incidents the student will pay the full cost of the repair/replacement.
3. If there are any problems with a Chromebook, students should notify their teacher and the District's Technology Department immediately so that they may take prompt action to repair the Chromebook if possible. While a student Chromebook is being serviced a loaner device may be issued. All rules and policies apply to the loaner Chromebook.
4. Chromebooks are subject to inspection by the District at any time without notice.
