Lowell Public Schools: FY26 Proposed Budget

Introductory Section

Introduction to the FY 2025 Budget

Dear Lowell Public Schools students, families, staff and community partners:

I am pleased to present the Proposed Budget for Fiscal Year 2026 (FY26) for Lowell Public Schools. It is the result of a process that began months ago and has been developed with input from our community and schools.

Decisions reflected in the proposed budget have been guided by our core beliefs and by the key commitments and our Strategic Plan: LPS 2030: Transforming Learning, Empowering Learners. These include actions to:

- heighten rigor and relevance in every classroom
- preserve a focus on safe and welcoming classrooms
- retain and recruit highly skilled innovative staff, and
- maintain supportive and efficient systems for our stakeholders.

For the second consecutive year, the proposed budget reflects reductions in staff and services. Through much of our budget process, the Chapter 70 appropriation (\$261,489,114, a 7.59% increase over FY25) was expected to cover significant rises in costs (in health insurance, transportation costs, contractual raises, etc.) with only modest reductions required, and confined to central office. However, a reduction of over \$4M in the city's contribution to our budget means that significant reductions are necessary and will involve at least some school staffing and services.

The Proposed Budget represents the most accurate figures available at this time and represents a starting point for budget deliberations. As we move forward in the budget process, the budget goals established by the School Committee and the school district's Strategic Plan for continuous improvement will illuminate our path as we make important decisions in the weeks ahead.

In closing, I wish to acknowledge the input of our community through the Budget Survey, participation in community presentations, and through the work of their respective School Site Councils. While there remain uncertainties surrounding federal and state funding, and with the recognition of the fiscal challenges that are presented by steadily increasing costs of services, personnel, and an aging infrastructure, we are confident that with your continued support, these investments will cultivate an environment conducive to academic excellence and professional growth. On behalf of our district, I express heartfelt appreciation for your support.

Sincerely,

Liam Skinner, Superintendent

Lowell Public Schools: FY26 Proposed Budget

Guiding Principles for Budget Development

Our budget development process is rooted in the core beliefs, fundamental commitments, and strategic priorities of Lowell Public Schools, ensuring that financial decisions reflect our mission to serve every student equitably and effectively. We believe that a high-quality education is a fundamental right and that teaching and learning are at the core of our work—every budgetary decision must support what happens in the classroom. We recognize that families are essential partners in student success and that sustainable school improvement requires long-term commitment.

Our fundamental commitments drive us to eliminate opportunity gaps, provide equitable funding, and engage families with respect and cultural understanding. Budget allocations prioritize rigorous and relevant instruction, safe and welcoming schools, and the recruitment and retention of highly skilled educators. Additionally, we ensure that our financial systems are efficient and responsive, effectively supporting staff, students, and families.

Guided by our LPS 2030 Strategic Plan, we align resources to empower learners, sustain excellence in teaching, and build strong operational systems. Every investment is evaluated for its long-term impact and ability to advance student achievement, reinforcing our commitment to preparing all students for college, career, and life success.

LPS Core Beliefs:

Our core beliefs represent the bedrock on which our thoughts, behavior, and work is based. These fundamental convictions undergird the district's strategic direction and provide us with a sense of urgency and purpose:

- A high-quality education is a fundamental right of every child we serve.
- Teaching and learning are at the core of our work. Everything we do must support what happens in the classroom.
- Families are our partners. School should be a welcoming place for families.
- Sustainable school improvement requires hard and steady work over time.
- Every adult in the system is accountable for the success of our students. Putting every child on a path to college or career success is the responsibility of the entire community.

LPS Fundamental Commitments:

The fundamental commitments of the Lowell Public Schools represent a critical charge to all LPS stakeholders:

- Ensure that every student has a sense of belonging, is included, and that opportunity gaps among all students are eliminated.
- Provide equitable funding and resources among the district's diverse schools.
- Engage all families with courtesy, dignity, respect, and cultural understanding.

LPS District Strategic Plan

LPS 2030: Transforming Learning, Empowering Learners Strategic Plan includes the following goals:

- Actions to heighten rigor and relevance in every classroom
- Maintaining focus on safe and welcoming classrooms
- Retaining and recruiting highly skilled, innovative staff
- Maintaining supportive and efficient systems for our stakeholders

Lowell Public Schools: FY26 Proposed Budget

Memo to School Committee, Superintendent

To: Lowell School Committee May 7, 2025

Liam Skinner, Superintendent

From: Derek Pinto, Ed.D. Assistant Superintendent of Finance

Attached is the Lowell Public Schools' (LPS) Proposed Budget for Fiscal Year 2026 (FY26). The FY26 Budget Book is designed to meet the goals of transparency and clarity - feedback from stakeholders is welcome. At this stage in the process, it is important to note that these budget figures are subject to change. The state budget (which impacts our budget) has to make its way through the legislative process, and will be in place July 1. Updates will also be provided from federal and state agencies, and guidance will be delivered from the Lowell School Committee, all of which will serve to further refine the budget plan.

The Proposed Budget for FY2026 is \$271,489,114. This reflects an \$18,438,068 increase in State Aid over FY2025, an increase of 7.59%. The City Cash contribution has been reduced from \$14,086,463 (FY25) to \$10,000,000 for FY26. This figure means that reductions to personnel, programs, and services are being planned for. In addition, labor, benefits, and service costs have all increased. The budget was originally designed to achieve "level services" in an effort to provide at least the same staffing and educational services and programming that existed in FY25.

The FY26 Budget is designed to maintain: (1) educationally sound student/teacher ratios (2) adequate health and safety services for all students, staff, and the school community (3) current structures to address the social, emotional, and mental health needs of all students (4) staffing in specialized programs to support students in our high-needs population, to include unhoused students.

Information on the budget process, our fair student funding formula, assumptions, revenues, and expenses that underpin the FY26 budget have been provided in the Budget Overview section, which follows.

The FY26 Operating Budget documents are presented in the following manner: The first view provided displays the budget amount and expense detail by Department of Elementary and Secondary Education (DESE) function code. Major cost centers include: Administration, Instruction, Pupil Services, Facilities and Grounds, Employee Benefits and Rentals, Capital Outlay, and Programs with Other School Districts. The second set of budget documents provides site-based funding summaries, followed by school site detail, all of which have been reviewed and approved by School Site Councils and School Leadership. Additional information (salaries) are provided to allow for further analysis and discussion.

I wish to acknowledge the work of School Site Councils, Administrators, and my colleagues in the Finance Department, who worked long hours to discuss student needs, think creatively, and make difficult decisions that ultimately affect the quality of the student experience in Lowell Public Schools.

Lowell Public Schools: FY26 Proposed Budget

Budget Overview

Lowell Public Schools: FY26 Proposed Budget

The Budget Development Process

The LPS Finance Department conducted a productive, effective FY26 Budget Development Process within the context of the LPS Core Beliefs, Fundamental Commitments, and the District Strategic Plan. The approach taken was foundational to a successful budget process, outlined below:

- Endeavored to create a fiscally responsible budget, responsive to stakeholder needs
- Engaged stakeholders: the community, site/district leadership, and the School Committee
- Ensured that the budget development process was open, collaborative, and transparent
- Verified that all contractual and legal obligations will be met
- Focused on maintaining high-quality instruction, programs, and support for students
- Continued investment in curriculum & instructional materials to ensure academic excellence
- Maximized current resources through reallocation and leveraging available funds

The LPS fiscal year begins on July 1st and ends on June 30th. Our full budget revenue landscape includes funding from state aid, contributions from the City, grants, and revolving accounts. The FY26 Budget Book centers on the Operating Budget, which includes state aid and local contributions. Details on other sources of revenue (grant funds and revolving accounts) appear in the Appendices.

Key Budget Assumptions

Budget assumptions are essential because they provide the foundation for creating a structured and realistic financial plan and allow the flexibility to adapt to evolving circumstances. **Forecasting and planning** assumptions help estimate revenue, expenses, and potential financial risks, so we can effectively plan for the future. **Flexibility** is important as budgets are based on projections. Clearly defined assumptions make it easier to adjust financial plans when economic conditions, funding sources, or operational costs change. **Transparency and accountability** are vital, outlining the key factors influencing our budget, assumptions ensure stakeholders understand the rationale behind financial decisions, fostering trust and informed discussions.

General Revenue	 Increases in unrestricted local aid and Chapter 70 Standard Federal and State entitlement grants budget offsets are assumed to be funded at the same level as FY 2025
Salaries	 Includes all step, lane, and longevity increases to meet contractual obligations for current teaching, administration, and support staff (accounts for mid-year increases)
Variable Costs	 6% increase in benefits costs 6% increase in General and Special Education transportation
Special Education	 Increased Out-of-District line to have funding in place to commence services. These will be partially reimbursed through Circuit Breaker funds Circuit Breaker reimbursement for FY26 will represent FY25 expense amounts The Circuit Breaker program will continue to be funded at a 75% reimbursement rate
Other Assumptions	 Considered enrollment projections, class sizes and teacher-to-student ratios, and learners' needs and placements for regular and special education students Calculated costs based on historical spending trends, known service/material rate changes, and anticipated requirements Reallocated existing resources (Grants and Revolving Accounts) to support changes in baseline Operating expenses

Lowell Public Schools: FY26 Proposed Budget

<u>Timeline</u>

The budget cycle is formulated around key dates and touchpoints to have a fully approved budget in place by the start of the fiscal year. The following summary table represents some milestones in the process, at the time of writing - end dates are subject to change:

Task	Date
January	
Enrollment projections completed/shared by the district data team	January 6
Governor's preliminary budget numbers broadcast https://malegislature.gov/Budget/GovernorsBudget	January 22
Community budget survey (multiple languages) open for input	January 28-February 14
February	
Budget kickoff/budget workbooks distributed	2nd week February
Community input budget meetings held via MS Teams	February 24, February 26
Budget collaborations held with principals, central office teams	4th week February to mid-March
March	
School site, central office budget workbook deadline date	March 21, 2025
April	
Completion of the compiled budget book	1st week April
Prioritization of budget requests	2nd-3rd week April
Final draft of Proposed FY26 Budget Book	4th week April
Мау	
Present budget to the School Committee	2nd week May
Hold public budget hearings	May 7, 14, 21
2nd hearing, budget approval (if necessary)	2nd-4th week May
Send to City Council for approval	TBD
June - enter the budget into MUNIS projection for July 1 start date	TBD

Lowell Public Schools: FY26 Proposed Budget

REVENUES

State Aid/Chapter 70

The budgeting process begins in **October** when student enrollment data is submitted to the state to determine the **foundation budget** - the minimum amount a district must spend on education. This budget varies across districts based on factors such as **grade levels, specialized programs, and the socioeconomic status of students**. The foundation amount is calculated using the **October 1st student count**, with each student assigned a specific funding rate based on established criteria.

Once the **total foundation budget** is determined, the state assesses the **City's financial capacity** to contribute, using property tax revenue and resident income levels to calculate the **municipality's ability to pay**. The remaining balance, after accounting for the required local contribution, is covered through **Chapter 70 state aid**. This process ensures a fair distribution of funding, aligning state and local resources to support public education.

Required Minimum Contribution

State aid is just one component of the revenue that supports the budgeted costs outlined in our strategic plan. The Massachusetts Department of Elementary and Secondary Education (DESE) determines the minimum amount that must be spent on education to continue receiving state funding. A portion of this funding is covered by the **City of Lowell**, known as the **Required Minimum Contribution**, which consists of **direct cash contributions** to the schools and **chargebacks** for city services allocated to education.

According to the Governor's FY26 budget, the **City of Lowell's required minimum contribution** increased by \$3,967,140, from \$64,989,538 in FY25 to \$68,956,678 in FY26, a 6.10% increase. The City allocates part of this increase as a direct cash contribution to school operations, and the remaining balance will be accounted for through **chargebacks** related to the **Maintenance of Effort (MOE) plan**, which includes expenses such as city-provided services, facilities maintenance, and other operational costs attributed to the school system.

These chargebacks include services and personnel provided (to include but not limited) to LPS:

- Services: the City Treasurer's office, the City Auditor's office, the Purchasing Department, the administration of insurance expenses, snow/ice removal, parking fees, public service calls (i.e. fire alarm response), utilities for City-owned schools, building maintenance for the City-owned schools, public safety inspections, pensions, insurance for retired employees, worker's compensation, unemployment, charter schools, Greater Lowell Technical High School, Essex Agricultural High School, etc.
- Personnel: health personnel (nurses, partial Medicaid), School Resource Officers

This financial structure highlights the balance between direct school funding and indirect costs covered through city services, which remain essential components of the district's overall education budget.

The **Foundation Budget, Chapter 70 State Aid calculation,** along with other forms of revenue to the district (Grants, Revolving Accounts, Circuit Breaker) can be found in the Appendices.

Lowell Public Schools: FY26 Proposed Budget

EXPENSES

Categorized by DESE Function Codes

The Department of Elementary and Secondary Education specifies (DESE) the reporting functional categories to both budget and track our financial data and the specific items that should be reported under these categories. The Lowell Public School's budget is built with these DESE function codes as the sorting categories. The numbers in this section use data drawn from the End of Year Financial Report (EOYR) that LPS submitted to DESE.

The first section of the DESE function categories is **Administration**. This category comprises 3.20% of the District's general fund budget. It includes the School Committee, the Superintendent, the Assistant Superintendents, Finance, Human Resources & Operations, Legal, and Administrative Technology costs. This represents a slight year-over-year (FY25, 2.86%) increase. Key drivers for increases include: Contracted Services (Technology \$84K-\$183K) &, Other Expenses (Technology Hardware and Software \$1.25M, Outstanding Prior Year Expenditures, \$150K). Decreases include the reduction of Supplies and Materials (elimination of data supplies, \$15K).

The second section, **Regular Day (Education)**, tracks instructional costs. These dollars provide the most direct support to the mission of educating our children and represent 49.12% of the District's Operating Budget. This represents a slight decrease from FY25 (48.41%). Personnel in this section include teachers, paraprofessionals, tutors, and monies for after-school stipends. Non-personnel costs are related to regular education transportation, curriculum, instructional & library materials, professional development, supplies, equipment, and instructional/library technology. A key driver for the decrease in Other Expenses is the removal of the Early College Promise (\$400K).

The third section, Student Support Services (**Special Education**), encompasses all personnel and non-personnel expenses necessary to deliver Special Education and related services to students in our school community. This is mandated by the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Americans with Disabilities Act (ADA). We strive to provide programs and services to allow our students with disabilities to be educated in the least restrictive environment that enables them to make effective progress. Support Services represent 23.86% of the overall budget, a slight decrease from FY25 (23.97%). This portion of the budget covers various personnel including: special education teachers, nurses, occupational, physical, and speech therapists, and psychologists. Non-personnel expenses include: out-of-district tuition, student transportation, instructional, and legal services. Key drivers for increases in this category include Contracted Services (transportation) and Other Expenses (out-of-district tuition).

The fourth section, **Facilities**, tracks facilities-related costs. The City of Lowell's Department of Public Works supports Lowell Public Schools. The Facilities budget funds salaries and expenses necessary to clean and maintain our school buildings and central office spaces, and represents 3.16% of the overall budget, down slightly from FY25 (3.86%). Personnel expenses include building custodians, and non-personnel expenses include water, sewer, telephones, facility supplies, and building repair and maintenance. A key driver for increases in this area includes Contracted Services (Safety Office contracted services).

Lowell Public Schools: FY26 Proposed Budget

The fifth section, **District Wide Expenses**, refers to costs that may not be assigned to a specific school and could support all students or operations across the district. These are reported separately from individual school-level costs. These costs represent 20.65% of the overall budget, down slightly from FY25 (21.34%). Personnel in this section include school leadership (Principals/Assistant Principals), instructional/support staff, curriculum directors, and other district leaders. Non-personnel expenses include instructional materials, equipment and technology, family resources, and athletics. A key driver for increases here includes Supplies and Materials (supplies and textbooks +\$1.2M).

The table below shows the Proposed Budget by Cost Center Compared with Prior Fiscal Years, in both dollar amounts and percentages.

	Actual Expended FY22		Actual Expende	d FY23	Actual Expend	ed FY24	Final Approved	Budget FY25	Proposed Budget FY26		
Administration	\$7,726,270	3.84%	\$5,300,551	2.48%	\$5,916,320	2.42%	\$7,358,341	2.86%	\$8,678,885	3.20%	
Regular Day	\$98,196,220	48.78%	\$106,624,752	49.91%	\$118,217,209	48.41%	\$137,366,847	53.42%	\$133,361,179	49.12%	
Special Education	\$48,229,716	23.96%	\$49,148,492	23.01%	\$58,523,861	23.97%	\$52,237,793	20.32%	\$64,790,011	23.86%	
School Facilities	\$6,720,740	3.34%	\$7,780,055	3.64%	\$9,426,926	3.86%	\$7,665,212	2.98%	\$8,584,862	3.16%	
District Wide	\$40,423,077	20.08%	\$44,775,373	20.96%	\$52,109,151	21.34%	\$52,509,316	20.42%	\$56,074,177	20.65%	
TOTAL	\$201,296,023	100.00%	\$213,629,223	100.00%	\$244,193,467	100.00%	\$257,137,509	100.00%	\$271,489,114	100.00%	

Further details on these cost categories can be found in the Appendices.

Lowell Public Schools: FY26 Proposed Budget

Fair Student Funding

A crucial step in our budget process is the Fair Student Funding (FSF) model, which determines how financial resources are distributed to schools. Unlike traditional school districts that allocate staff positions to schools, FSF ensures that funding follows students based on their specific needs and characteristics, similar to the state method for distributing aid. This method allows for schools to receive a budget based on their school demographics. Principals and School Site Councils are given autonomy to prioritize and allocate their budgets. Dollar weights are assigned to particular student groups to ensure that an appropriate amount of funding is directed to support those populations and schools, and district-approved guardrails ensure alignment with key priorities and compliance requirements.

The FSF process unfolds in six distinct phases:

- Phase I (November–January): Enrollment data and average salary figures are updated to reflect the most recent information and projected out for the following year.
- Phase II (January February): Initial school allocations are determined, adjustments are
 made to ensure equity and stability, and the Governor's budget is incorporated. A financial
 model is finalized during this stage.
- Phase III (February March): Schools receive budget workbooks and collaborate with their School Site Councils to develop a Quality Improvement Plan that aligns with their financial allocations. Schools then submit their finalized budget workbooks to the central office.
- Phase IV (March April): Transparency is emphasized as principals share their budgets with school staff, parents, and community members, ensuring broad engagement. The site budgets are then shared with the LPS Finance team.
- Phase V (April): All budget components are consolidated into a balanced financial plan, which is then presented to the School Committee for review.
- Phase VI (May): The budget is formally presented to the School Committee for final approval.

This structured approach ensures a fair, transparent, and community-driven budgeting process, allowing schools to tailor their financial resources to best support student success.

Notes:

School Committee salaries remain unchanged.

Salaries for the Superintendent, Assistant Superintendents and Principals include increases in accordance with individual employment contracts for FY26.

Salaries for UTL, LSAA, SEIU, and Unaffiliated staff are based on School Committee-approved collective bargaining agreement (CBA) increases of 3.5%. Projected salaries include the mid-year increase and therefore may differ from the annual rates shown on the CBA salary grids.

The staffing list in this budget represents a snapshot of personnel as of FY25 and includes anticipated placements for FY26. Budget line items are based on Fair Student Funding average salaries and may not correspond directly to the individuals listed.

Staff who are split-funded or supported through grant offsets are shown as full FTEs in a single section of the staffing list for consistency.

Notes:

Salaries for UTL, LSAA, SEIU, and Unaffiliated staff are based on School Committee-approved collective bargaining agreement (CBA) increases of 3.5%. Projected salaries include the mid-year increase and therefore may differ from the annual rates shown on the CBA salary grids.

The staffing list in this budget represents a snapshot of personnel as of FY25 and includes anticipated placements for FY26. Budget line items are based on Fair Student Funding average salaries and may not correspond directly to the individuals listed.

Staff who are split-funded or supported through grant offsets are shown as full FTEs in a single section of the staffing list for consistency.

Appendices

Foundation Budget, Chapter 70 State Aid Calculation

For **Fiscal Year 2026 (FY26)**, the Massachusetts Department of Elementary and Secondary Education (DESE) has calculated the **foundation budget** for Lowell Public Schools at **\$330,445,792**, reflecting a **7.27% increase** from **\$308,040,584** in FY25. This amount represents the minimum spending required to ensure adequate education funding based on student enrollment, grade levels, and specific student needs.

The October 1st student enrollment count increased from 16,506 in FY25 to 16,836 in FY26, an increase of 330 students (2.00%). This count includes all students in the district, including those attending charter schools.

The state also determines how much the **City of Lowell** must contribute toward school funding based on local property taxes and income. For FY26, the **required district contribution** increased by **6.10%**, from **\$64,989,538** in FY25 to **\$68,956,678** in FY26.

The remainder of the **foundation budget** is covered by **Chapter 70 state aid**, which increased by **7.59%**, from **\$243,051,046** in FY25 to **\$261,489,114** in FY26. This increase is due in part to the **Student Opportunity Act (SOA)**, which continues to provide additional funding for students with **special needs, English Learners (EL), and low-income students**.

Overall, the **required net school spending (NSS)** remains at **100% of the foundation budget**, ensuring that Lowell Public Schools meet the state's mandated funding levels. The **Chapter 70 Aid share of the foundation budget** also saw a slight increase from **78.90% in FY25 to 79.13% in FY26**. These funding increases help ensure that Lowell Public Schools continue to receive adequate resources to support student learning and address educational needs across the district.

As reflected in the table below, State Aid is only one part of the revenue figure that funds the budget. The state determines the minimum that must be spent in a school district to continue receiving State Aid. The City portion of this amount is considered the required minimum contribution. The City's contribution to schools is made up of two parts: cash contributions to directly support schools and "chargebacks" for City expenditures. Chargebacks are costs of the city that are charged to the schools as a shared cost.

Foundation Budget, Chpt. 70, Comparison to FY25

	FY25	FY26	Change	Pct Chg
Enrollment	16,506	16,836	330	2.00%
Foundation Budget	\$308,040,584.00	\$330,445,792.00	\$22,405,208.00	7.27%
Required District Contribution	\$ 64,989,538.00	\$ 68,956,678.00	\$ 3,967,140.00	6.10%
Chapter 70 Aid	\$243,051,046.00	\$261,489,114.00	\$18,438,068.00	7.59%
Required Net School Spending (NSS)	\$308,040,584.00	\$330,445,792.00	\$22,405,208.00	7.27%

In January, the release of the Governor's Budget (shown above), the state figures indicated a required increase to the city's required minimum by \$3.97M. The city makes up the required minimum contribution through general fund contributions and Maintenance of Effort costs. The annual increase to the required minimum contribution is not fully funded in cash.

Lowell Public Schools: FY26 Proposed Budget

Other Forms of Revenue

Grant Revenue

Grants from state and federal sources play a crucial role in helping Lowell Public Schools (LPS) provide students with a high-quality education. The majority of these grants come from entitlement programs such as Title I, IIA, III, and IV, as well as the Special Education 240 IDEA grant. A key restriction on these funds is that they cannot be used to replace existing expenses (known as supplanting). This means that LPS cannot use these funds to cover costs that would otherwise be required, such as salaries for principals or regular classroom teachers. However, the grants can be used to fund programs and positions that provide additional support, such as interventionists or enrichment teachers.

In recent years, **Title grants** have been used to support instructional coaching and curriculum development by funding positions such as **Instructional Specialists**, **Literacy Specialists**, **and Tutors** in each school. These grants also help cover the cost of **assessment tools** (such as **i-Ready**), **social-emotional learning programs**, and **instructional supplies**. Additionally, LPS secures **competitive grants**, often through the **Coordinator of Special Programs**, which fund initiatives such as **summer and after-school programs**.

One challenge with grant funding is that allocations for the following year are not released until after the district's budget is developed and approved. As a result, the district must rely on current-year data and make predictions about whether a grant will continue, increase, or decrease. For the current fiscal year, as of this writing, the total value of secured grants is \$21,966,261, which includes multi-year grants such as the Special Education IDEA, Full-Service Community School Grant, and all federal, state, and private grants.

This approach ensures that LPS can responsibly plan for the use of grants while maintaining financial stability for essential programs and services.

Lowell Public Schools: FY26 Proposed Budget

Revolving Accounts

In Massachusetts, school districts can use revolving and special revenue accounts, which do not follow the traditional fiscal year cycle and do not roll into the city's general fund. Revolving funds are used to track revenue from specific programs, fees, or charges separately. These funds are earmarked for spending without requiring an appropriation and are meant to support the programs or services that generated the revenue. Revolving funds are especially useful for covering expenses that fluctuate with demand and can be offset by fees collected throughout the year.

Lowell Public Schools maintains several revolving accounts commonly found in school districts, including athletics, school choice, facility rentals, special education out-of-district tuition (Circuit Breaker, in the following section), and Food Services. In simple terms, revolving accounts function like savings accounts, allowing the district to carry forward balances to help fund future costs. Maintaining a healthy balance in these accounts is important while ensuring compliance with fund-specific limits.

Over the past few years, our revolving account balances have improved significantly. The percentage of revolving account balances compared to the overall budget reflects the district's financial stability. Currently, these accounts represent financial flexibility in case of unexpected costs. Traditionally, two revolving funds—Out-of-District (OOD) tuition and Food Service - are used to help offset annual operating expenses. While maintaining a strong balance is essential, we must also stay within the spending limits set for each fund.

For example, the Food Service revolving fund has a maximum balance limit of three months' worth of average operating costs. These excess funds are meant to be reinvested into the Food Service program. Any food service expenditure over \$5,000 requires approval from DESE. We have submitted applications to DESE for investments in upgrading school kitchens and enhancing food service operations. Additional plans are underway to improve the overall student dining experience and ensure the surplus funds are used as intended to strengthen and enhance food service across the district.

Lowell Public Schools: FY26 Proposed Budget

Circuit Breaker

The Circuit Breaker revolving account provides financial assistance to public school districts to offset the cost of delivering high-cost special education services to students. This is a special fund approved by DESE to help school districts manage unexpected and uncontrollable costs in future years. The cost of OOD tuition can be extremely high, often exceeding \$100,000 per student. To help offset these expenses, DESE provides reimbursement through the Circuit Breaker program. School districts are responsible for covering the first \$45,600 of a student's tuition costs (the foundation amount). Any costs beyond this amount can be submitted to the state for partial reimbursement, which has typically ranged between 70% and 75% in recent years.

Districts can submit claims for reimbursement during two annual claim periods: **Year-End Claims** and **Extraordinary Relief**. These claim cycles allow districts to recover funds based on the actual costs paid for qualified special education tuition and instructional services, as well as for transportation to out-of-district programs. The reimbursement applies to expenses such as private program tuition rates, individually authorized student program rates, collaborative tuition rates, in-district service rates, and transportation costs. Pricing for these services is set by state and public entities outside of the Circuit Breaker program.

By collecting and saving these reimbursements in a revolving account, districts can better prepare for sudden increases in students who require out-of-district placements. However, there is a limit to how much can be carried forward. The balance in this account cannot exceed the amount reimbursed in the current year. Because of this, the district regularly reviews the account to make informed financial decisions and plan strategically for future costs.

Medicaid

The school-based Medicaid Program allows public school districts to seek partial reimbursement from Medicaid for providing certain health-related services to eligible students with individualized education programs. These Services can include speech therapy, occupational therapy, physical therapy, nursing, counseling, and evaluations. Districts can also claim administrative activities that support Medicaid outreach and enrollment. Funds recovered through this program must be reinvested in health-related services for students, and districts typically report eligible services through a combination fee for service billing and participation in the Random Moment Time Study (RMTS) to capture administrative claims. Proper documentation, service logs, and parental consent are critical to maintaining compliance and maximizing reimbursements. Revenues are typically collected by the City.

Lowell Public Schools: FY26 Proposed Budget

Proposed Budget by Cost Center Compared with Prior Fiscal Years

The tables that follow provide a year-over-year comparison of dollar amounts, and the most recent percentage change of budget categories in various Cost Centers. The charts are designed to visually present the portion of the budget in the expense category for FY26.
