Core Beliefs

-  A high-quality education is a fundamental right of every child we serve.
-  Teaching and Learning are at the core of our work. Everything we do must support what happens in the classroom.
-  Families are our partners. School should be a welcoming place for families.
-  Sustainable school improvement requires hard and steady work over time.
-  Every adult in the system is accountable for the success of our students. Putting every child on a path to college or career success is the responsibility of the entire community.

LPS Fundamental Commitments

The fundamental commitments of the Lowell Public Schools represent a critical charge to all LPS stakeholders:

Ensure that every student has a sense of belonging, is included, and that opportunity gaps among all students are eliminated.

Provide equitable funding and resources among the district's diverse schools.

Engage all families with courtesy, dignity, respect, and cultural understanding.

Theory of Action

We believe that when we...

- Cultivate rigorous and relevant instruction in every classroom
- Ensure that all schools are safe and welcoming
- Invest in the recruitment, development, and retention of exceptional and diverse talent
- Implement supportive and efficient systems that align resources with student needs

...then we will create the conditions for every learner in Lowell to thrive—academically, socially, and emotionally, within a responsive and innovative school district that continuously evolves to meet the needs of a dynamic world.

ACRE Family Child Care

327 Gorham Street, 01852

Tel: 978-937-5899

acrefamily.org

ACRE Family Child Care provides a pathway for women to achieve economic independence by operating high-quality childcare businesses in their homes. ACRE Family provides care for nearly 400 children every day in a network of family childcare homes. ACRE Family staff visit the homes to monitor the quality of care and offer family support services and early childhood training programs in multiple languages throughout the year.

ACRE Family Child Care (AFCC) was founded in 1988 in response to two related economic and community development needs: jobs and child care. ACRE Family Child Care provides training programs in English, Spanish, and Khmer that enable women to run licensed family childcare businesses in their own homes. The program has an innovative ripple effect in the community: the family child care providers earn a living and are able to stay at home with their own young children; at the same time, they offer child care to the community so other parents may work or attend job training programs.

Tel: 978-369-6312

mass.gov/locations/great-brook-farm-state-park

The Farm and buildings at Great Brook Farm comprise a classic eastern Massachusetts agricultural landscape. The arrangement of open fields, sturdy walls, diversified woodlands, and historic structures are significant images of our agricultural past. Visitor's center, pavilion & indoor restrooms. Picnic tables provide shade relief under the pavilion and overlook a butterfly garden. During the winter months, cross-country skiing is available (for a fee), and one trail is lantern-lit for a "moonlight" experience on Tuesday & Thursday evenings! Ski rentals are available. The park is home to the first robotic milking system in Massachusetts, installed in a state-of-the-art "smart" barn. Please contact the park office for additional information on tours of the new dairy facility.
