COOKING CLASS

Students will be exposed to new recipes from a variety of cultures. They will be using fresh and local ingredients to create multiple meals and dishes of their choice. Students will be responsible to manage a weekly budget to buy ingredients from local markets and grocery stores and learn the basics of kitchen safety!

FUN WITH FITNESS

Fun with Fitness will be used to teach students about different types of athletic events from around the globe. Students will learn the fundamentals of multiple games and will practice the appropriate way to carry themselves on and off the court or playing field. They will practice social emotional learning skills through competition and identify the origins of their different activities!

BOOKS AND MOVIES

Students will enjoy listening and following along while reading a variety of award-winning best-selling books. They will be participating in fun activities that will inspire thought provoking discussions. At the end of each book students will enjoy the full experience of watching the movie that was based on the book. These two-story telling experiences will surely give students a new appreciation of books v. movies!

ARTS AND CRAFTS

Students will create works of art using different mediums and techniques. They will develop fine motor skills and this class will encourage self expression while allowing students to socialize and enhance decision making skills.

GUITAR & PIANO

Students who join Music Class will learn the fundamentals of guitar and piano! Master the basics of music while developing awesome musical skills. Once you have mastered the basics you will be able to learn songs of your choice. Sign up quick, there are only limited spots available!

SEWING CLASS

Try something new! Be uniquely you. Do you want to express yourself and share who you are? Sewing can build confidence and creativity in everyone. Through the use of a sewing machine, you will see how sewing really can be that simple! We will explore making pillowcases, masks and quilted blankets as well as exploring following a pattern to make a self-directed project of your choice.
