CLASSES OFFERED

GYM

Gym will be used to teach students about different types of athletic events from around the globe. Students will learn the fundamentals of multiple games and will practice the appropriate way to carry themselves on and of the court or playing field. They will practice social emotional skills through competition and identify the origins of their different activities.

SELF DEFENSE

This class will promote physical discipline through a safe and fun environment. Learn confrontation management skills and beginner boxing. Sign up with a friend and challenge yourself.

GREEN DRAGONS

With the Green Dragons program we bring the traditional skills of archery to the Stoklosa. We favor a natural setup using wood bows and feathered arrows shot right off the rest or the hand: no sights, no stabilizers. We also play Archery Tag where archery meets martial arts and combat strategy.

Lego Club

Learn coding and STEM skills to create a variety of projects using specially engineered Legos. Students will build their self-esteem while practicing teamwork.

Crochet and Macrame

Are you looking for a new hobby that is relaxing and that you can learn in a social environment? If so, Crocheting and Macrame is the place for you. In this class, you will learn the basics of crocheting and macrame and you will use these skills to create projects of your choice. Learn how to make bookmarks, bags, scarves, amigurumi, and more with these addictive crafts.

SEL Club

Join the SEL Club which meets in the Library! In this club, you can hang out, talk with friends, play games, read, work on homework, and just relax! Feel free to join and just show up to be with friends! A great place for students to unwind from a stresses of school and life!

Stoklosa Studios

Join Mr. Grenier for Stoklosa Studios. In this program, you'll be able to develop your musical talents, learn an instrument, write and record a song, or rehearse for a very special performance.

COOKING

Students will be exposed to new recipes from a variety of cultures. They will be using fresh and local ingredients to create multiple meals and dishes of their choice. Students will be responsible to manage a weekly budget to buy ingredients from local markets and grocery stores and learn the basics of kitchen safety.

Chess Club

Like the name suggests, Chess Club is a place where people of all experience and skill level come to play. Members will play against each other based off of skill. All boards and pieces will be provided.

STEM Club

Students will learn the importance of having a growth mindset when it comes to problem solving. They will be given multiple tasks such as a creating a parachute for an object, building catapults, building a large piece of architecture, and much more! They will practice using a design theory which includes sketching and designing your project prior to building it. Sign up now if you enjoy creating and designing interesting projects!

ARTS & CRAFTS

Students will create works of art using different medias and techniques such as tie dye, water colors, glass painting, fluffy slime, and much more. They will develop fine motor skills and this class will encourage self expression while allowing students to socialize and enhance decision making skills.

Board Games

Games offer students opportunities to develop many skills including but not limited to: critical thinking skills, socializing away from social media, compromise, sharing, dexterity, and learning to win and lose the right way.

Khmer Dance Club

Learn traditional Khmer dance while being immersed in cultural music and language. This top-notch program is student led.

Stoklosa Community Club

Interested in making positive changes in your school? Want to help put together the yearbook? Take photos at school events? Learn to design a website? Learn how to create and edit a news broadcast? Help plan a dance or event? Participate in school fundraisers? Join the Stoklosa Community Club and work to improve your school community!
