K POP

- This summer during K-POP Club we will be exploring everything K-POP! Such as..... talking about our favorite K-Pop groups/singers, learning and sharing about Korean language and culture, researching fan meets and virtual trips, sharing our favorite K-Pop dramas and Manga, learning/practicing K-Pop dances, making, sharing, trading, discussing and creating our own photocards, investigating theories and teasers, making playlists, play K-Pop games and take quizzes on our favorite stars.....all while listening and watching K-Pop the whole time! Come join a Stoklosa space for all K-Pop lovers!

Cheerleaders who Cricut

Get ready for the Stoklosa's cheerleading era. Join Mrs. Boyd and Ms. JB on Tuesdays and Thursdays and learn all there is to know about the sport of cheerleading. We will work as a team to learn cheers, stunts, and tumbling. Not to mention we will utilize our awesome Cricut Machine to create all of our cheer swag. From uniforms to water bottles you'll have a hand in creating your version of fabulous. Attendance is required.

Tabletop Gaming

Tabletop Gaming will bring people together to learn how to play tabletop games such as Dungeons and Dragons, War Hammer 4000, and The Pokeman Tabletop card game. It will also include learning to create and paint tabletop minitures.

Computer Technology

Calling all future tech wizards! Want to travel the world without leaving your seat? Make money like a grown-up? Teach robots to bust a move?

Our Tech Champs class is where it's at! Here you'll learn how to:

- Design awesome travel brochures: Imagine creating cool flyers with pictures and info to show off the coolest places on Earth (or even beyond!) This class will make you a brochure-building pro!
- Become a mini-stock market whiz. Ever wonder how games work? We'll crack the code and show you how to make smart choices, just like grown-ups do with their money!
- Code Legos that DANCE! Yup, you heard that right! Learn how to program Legos to move, spin, and even boogie to your favorite tunes!

This is NO ordinary tech class. Get ready for a blast-off into the future of fun and learning! Sign up today!

Crochet and Macrame

Are you looking for a new hobby that is relaxing and that you can learn in a social environment? If so, Crocheting and Macrame is the place for you. In this class, you will learn the basics of crocheting and macrame and you will use these skills to create projects of your choice. Learn how to make bookmarks, bags, scarves, amigurumi, and more with these addictive crafts.

ARTS & CRAFTS AND Board Games

Students will create works of art using different medias and techniques such as tie dye, water colors, glass painting, fluffy slime, and much more. They will develop fine motor skills and this class will encourage self expression while allowing students to socialize and enhance decision making skills.

Green Dragon Archery

Join Green Dragons to learn the fundamentals of how to safely operate a bow and arrow. You will practice your technique to compete against your classmates in a number of challenges that will test your aim, patience, and skill.

COOKING

Students will be exposed to new recipes from a variety of cultures. They will be using fresh and local ingredients to create multiple meals and dishes of their choice. Students will be responsible to manage a weekly budget to buy ingredients from local markets and grocery stores and learn the basics of kitchen safety.

GYM

Gym will be used to teach students about different types of athletic events from around the globe. Students will learn the fundamentals of multiple games and will practice the appropriate way to carry themselves on and of the court or playing field. They will practice social emotional skills through competition and identify the origins of their different activities.
