

Good evening LHS family,

Thank you to everyone who welcomed school committee members Bob Hoey and Andy Descoteaux on Friday morning. They were able to make their way around many classrooms, but unfortunately not all. It was great to see them thank all of you for the work you do each day and the impact you all have on our students.

Please note that more information regarding the MCAS testing for all sophomores 3/26-3/29 will be forthcoming. We plan to also send information soon regarding mandatory proctor training. Cooperation and support across the entire school will be imperative to make this first time ever MCAS computer testing successful. Stay tuned...

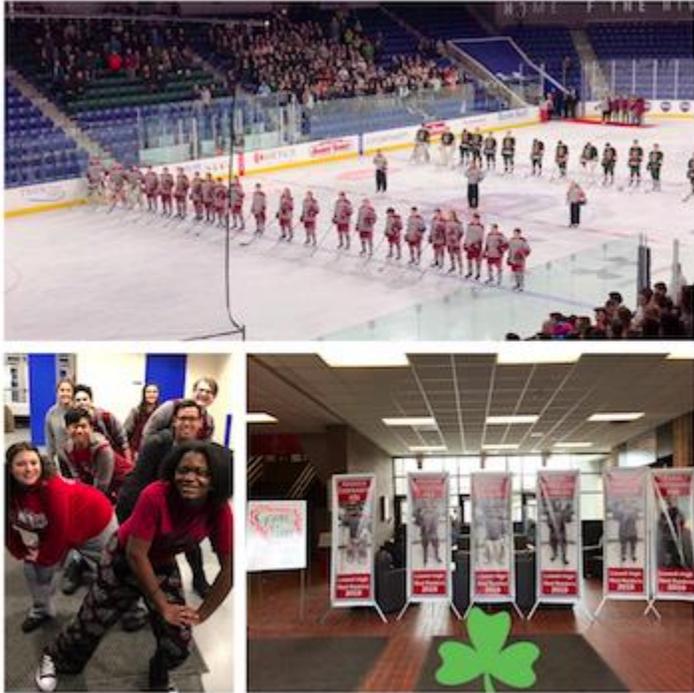

BRIGHTS SPOTS AND CONGRATULATIONS!

Volunteering at the WISH project

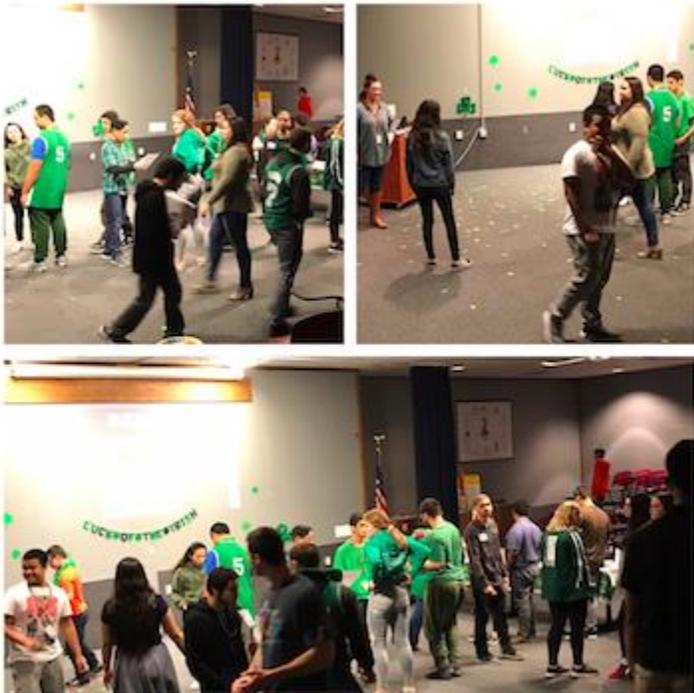

Photos of the Future Educators of America volunteering at the Wish Project Saturday morning. Thanks to Kara Pigeon and her students for giving of their time this weekend!

Semi-Finals on Wednesday!

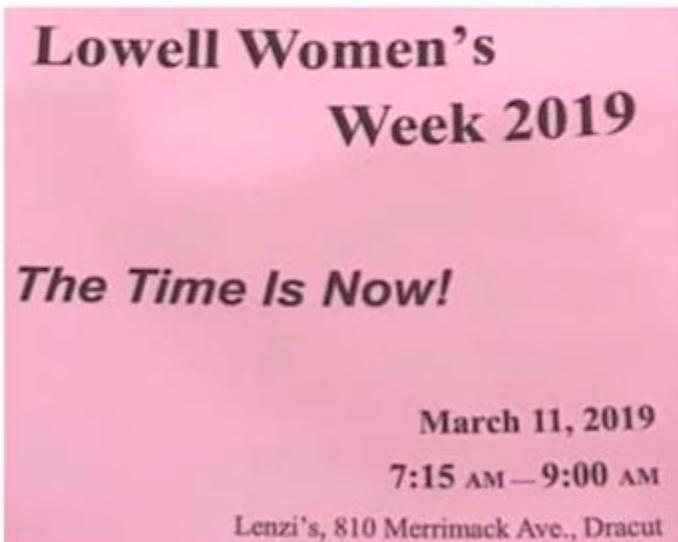

It was lots of fun participating in the Ice Hockey Semi-finals! Note our chorus students in the lower left getting ready to go out on the ice to sing the National Anthem. Check out the main lobby picture, it was nice surprise for our team to walk into school on Wednesday with the senior team photos to greet them!

St. Patty's Day Party

Our Best Buddies students enjoying some Irish music and festivities on Friday! Their dances moves were pretty good! What a special event for all!

Lowell Women's Week

Some of our students and staff were able to join the celebration of Women's Week at Lenzi's last Monday morning with many community members. It was an inspiring and memorable event!

Fund our Future

Some of our students speaking up at the Fund our Future event last Monday evening at the Senior Center. Proud of them!

Tech Tips by Malinda

Please ensure any computer issues in the shared labs are reported ASAP to the help desk. We need all computers working for the upcoming MCAS computer test. Thank you for your help and attention to this important request.

Important Reminders:

- **The LHS Special Education Department is hosting its third annual Transitional Resources Fair on March 26th from 6:00 – 8:00 p.m. in the LHS cafeteria.** Students (and families) of all ages with disabilities are welcome to attend to meet with public agencies - not just adult agencies, services, and organizations. The fair is designed for any student and family members in the district (and neighboring towns) with disabilities. The goal is to familiarize students and families with the array of agencies, services, and organizations available to them as they transition from high school to the adult world. In addition, parents and families of elementary, middle, and junior high school students are invited to come and meet staff from our various schools to address questions and anxieties that come with transitioning to a new school. There will also be light refreshments and free raffles! Link with additional information: <https://sites.google.com/view/lhstransitionalresourcesfair/home>

LOOKING AHEAD:**March**

Mar. 25	Mon.	School site council meeting	6:00-7:00pm	L.T.
