

School Site Council Meeting

3.15.22

Members: Jason McCrevan , Laura Katz , Marcie Comtois , Eric Cline, Donna Latham

- Budget - still working on the worksheet but we should have at least an additional 400,000
- Small groups to look over QIP
 - Group 1 - prioritize - Pandemic Learning Gaps, ELLS, and SEL next tier if money would be STEM and FACE
 - Group 2 - Discussion ideas
 - combine ELL and SEL by including words, phrases of ELLS students - could it be an additional special? Make school more inclusive.
 - Playground - would foster SEL that is needed from pandemic
 - ELLS - additional teacher to support in-class
 - Technology - do we need anything else?
- Group loved the idea of the inclusive language of ELLS - could put in morning message, teachers and specialist could follow up in class - like a phrase of the day
- Agreed that we need to prioritize
 - SEL, ELLS - Pandemic Learning gaps impact all areas of the QIP and will be woven throughout instead of own category
 - STEM and FACE - next tier of priorities

Next Meeting:

- Look over the new draft (Jason will author this week) -
- Guardrails - check to make sure plan for money meets Lowell's requirements
- JM will look into playground
