Item #3: Quarter 1 Reporting of QIP Goals

Goal	Status	Progress Notes (Actions Completed, Actions Remaining, Challenges, Successes)	KPI Data
1: Year 1 Performance Objective: Develop tools (graphic organizers, checklists, rubrics, etc.) to support ML student independent application in Tier 1 mathematics.	In progress	<ul style="list-style-type: none">• Developed Morey Module/Topic Planning Template to start the initial thinking about math concepts and needed tools• Used template on Oct. 9th early release	Deliverable: Morey Module Planning/Topic Internalization Example of Completed: Morey Module Planning/Module 2 Topic A Internalization

Item #3: Quarter 1 Reporting of QIP Goals

Goal	Status	Progress Notes (Actions Completed, Actions Remaining, Challenges, Successes)	KPI Data
<p>2: Year 1 Performance Objective: We will use available collaboration time (common planning, early release, vertical teams) to refine mathematics instruction in our second year of Eureka Squared implementation. Using student data, focus standards, and pedagogical content knowledge, we will plan/supplement modules and develop tools (graphic organizers, checklists, anchor charts) to increase student engagement and agency.</p>	<p>In progress</p>	<ul style="list-style-type: none"> ● Used all available time on October 9th to work on increasing student engagement in our math planning with the District Support Specialist and MRT ● Math Leadership Team meeting on October 9 to identify vertical planning goals ● Of the building based common planning time available, we have been able to use one on working toward this goal. <p>Challenges: Very limited meeting time, especially in the first quarter of the year.</p>	<p>CPT Calendar: Morey CPT 2024-25</p>

Item #3: Quarter 1 Reporting of QIP Goals

Goal	Status	Progress Notes (Actions Completed, Actions Remaining, Challenges, Successes)	KPI Data
<p>3: Year 1 Performance Objective: We will incorporate teacher-student collaboration strategies to develop accessible learning environment resources in mathematics to promote strong student agency, and increase student engagement and responsibility for learning and using scaffolds which will ultimately increase the percentage of students who are proficient on the EOY iReady assessment from 55% to 70% and our school progress to Annual Typical Growth will be at least 100%.</p>	<p>In progress</p>	<ul style="list-style-type: none"> Classroom observations have included observations about what the students are doing, the tools that they are using, and the co-constructed anchor charts available for students. We are incorporating student discourse strategies in our math planning of October 9 & October 28 Administered Math iReady in September and analyzed first benchmark data on September 23 <p>Next quarter: Will assess growth with the December administration of iReady</p>	<p>Deliverables: Math iReady Projected Proficiency Report Fall 2024.pdf Math iReady Results Fall 2024.pdf</p>

Item #3: Quarter 1 Reporting of QIP Goals

Goal	Status	Progress Notes (Actions Completed, Actions Remaining, Challenges, Successes)	KPI Data
<p>4: Year 1 Performance Objective: We will continue to provide targeted, data-based Tier 2 intervention and Tier 3 specialized instruction in reading using our current data analysis, group planning and monitoring, and documentation process. We will further refine our mathematics WIN block to create a math intervention component over the next three years.</p>	<p>In progress</p>	<ul style="list-style-type: none"> • ELA Data Analysis and Intervention Planning common planning time: September 30th • Math Data Analysis and Intervention Planning common planning time: September 23 • ELA Intervention Groups (117 students) began October 2 • Math Intervention/Enrichment Groups (all students) began September 25 	<p>Deliverables: 24-25 ELA Intervention Group Example with Identifiers Redacted.png 24-25 Math Intervention Example with Identifiers Redacted.png</p>

Item #3: Quarter 1 Reporting of QIP Goals

Goal	Status	Progress Notes (Actions Completed, Actions Remaining, Challenges, Successes)	KPI Data
<p>5: Year 1 Performance Objective: To further develop our two-way communication with new families about grade-level learning expectations, school attendance/norms and vital information about their children’s learning and to build genuine reciprocal relationships, we will implement specific family-school relationship strategies to create improved systems.</p>	<p>In progress</p>	<ul style="list-style-type: none"> ● Adapted the Special Education Considerations for Multilingual Learners information to develop new family intake process and protocol ● Consulted with district CLSP coordinator for feedback and suggestions ● Conducted inaugural interview with kindergarten parent and sought feedback <p><u>Remaining:</u> Conduct more family meetings and use feedback from families to improve the protocols</p>	<p>Deliverable: Morey Newcomer Welcome Meetings</p> <p>Frequency of Meetings as of 11/1/24: 3</p>
