2019 Accountability Classification

Massachusetts uses information related to progress toward improvement targets, accountability percentiles, graduation rates, and assessment participation rates to determine each district and school's overall classification. Most districts and schools are placed into two categories: those that require assistance or intervention from the state, and those that do not require assistance or intervention. Districts and schools that are new or very small are classified as having 'insufficient data'. Placing schools and districts into categories helps districts know which schools need more support, and helps the state know which districts need the most assistance. More information is available here: <http://www.doe.mass.edu/accountability/>.

Current Remote Learning Attendance Rates

Grade	Attendance Rate
PK	84%
K	93%
1	95%
2	96%
3	96%
4	98%

Budget

Were able to purchase supplies to support remote learning via general fund.

Able to provide teachers with one hour of additional planning time as a team, each week (Still maintained from spring budget).

Budgeted to establish process for getting interactive white boards in classrooms. Should be able to purchase 2 or 3 more this year (Still maintained from spring budget).

Items for 2020 - 2021 Year

Circle back to our goals this year to inform our 2021-2022 Quality Improvement Plan (QIP).

Wait for budget outlook from district, then determine how we can support the QIP.
