

**1. Budget**

- We are in line with what we've projected for the year (supporting school-based PD and general supplies). As mentioned last meeting, we will continue to monitor to determine if we will be able to purchase additional texts for classroom libraries

**2. USIP/Progress Toward School Goals/PD**

- Teams reflected on Lesson Study and found it to be positive. As we plan for next year, we will budget for individual Lesson Studies with coaches along with two team Lesson Studies

**3. Fundraising**

- School Walk-a-thon will be launched next week

**4. Building Maintenance**

- Mike continues to put tickets in as needed

**5. Nonagenda Items**

- Our second annual Million Minute Reading Challenge has begun. We finished near the top in the country last year and hope to again this year.
