

The Butler Middle School Cambodian New Year performance, and other school-wide performances and exhibitions including an Arts Night celebrate a rich culture and support high academic standards. The Butler Middle School embraces an inclusionary model for the delivery of services to our students on IEPs as well as English language learners.

Basketball Courts

Auditorium

Computer Lab

Tennis Courts

School Description

The Butler Middle School places emphasis on the academic and emotional growth of all its students. As a PBIS school, we maintain a proactive approach to behavioral supports in order to create a positive school environment.

The Butler School extends the daily learning program to include after school academics such as STEM Club, GE Igniting Minds and Knowledge Bowl. There is a homework support center and enrichment activities including Art Club, Chorus and Band. The school benefits from Educational Talent Search, a federally funded grant program coordinated through Middlesex Community College, where students examine a variety of careers and visit local colleges and universities. Reading is Fundamental, a matching grant program, provides students with three or four free books each year. Finally, we are fortunate to engage in community partnerships with Align Credit Union, Kronos, Lowe's, BEL Realty and the Addison Art Gallery.

Parental Involvement

- Parent Council
- Family Fun Nights
- Title I Parent Liaison
- Parent & Community Volunteers
