

Our Core Values

1. Relationships:

Establish and maintain relationships based on respect and trust. Student to teacher and staff to staff relationships will create a positive school culture and increase learning.

2. Powerful Learning Environment:

Create, establish, and facilitate effective learning throughout the entire school. Having high expectations for all students and support them to reach their full potential in all aspects of achievement - especially academics.

3. Teacher Empowerment:

Allow teachers to make informed decisions. The power of a school comes from the effectiveness of a teacher.

School's Greatest Assets

- **We pride ourselves on our partnerships with universities, businesses, and community agencies. These partnerships increase the educational opportunities for our students.**
- **We maintain a friendly and helpful atmosphere with enthusiastic staff who are invested in an active learning environment which stresses problem solving and research.**
- **We have a diverse student population with over 26 different languages spoken at the school.**

School Accomplishments & Priorities

- There is a school wide effort to focus on learning needs through differentiated instruction.
- Our staff actively participates in district initiatives supporting math and literacy instruction.
- Our teachers have expanded common planning time which helps them improve outcomes for students.

Parental Involvement

- Our parents are very active in school life. They volunteer on the School Site Council and the PTO,. They also help organize our Pot Luck Supper.
