

Our Core Values

We believe:

- * all students can learn given the right conditions, time and support

all students must be immersed in a safe, respectful and rich learning community that values and honors diversity

- * all students must be developed academically, socially, emotionally, physically and artistically

- * the success of our students is the shared responsibility of the home, school and community and, therefore, we embrace and encourage support from all constituents of our community

Be the best

that you can be!

School's Greatest Assets

The supportive relationships that exist among staff, parents and the community enable the Washington School to meet the educational, social, and cultural expectations for all students. Together we nurture and provide optimal learning conditions for all students.

School Accomplishments & Priorities

The Washington School is identified by its caring and nurturing environment. It is within this supportive environment that students are able to take educational risks and reach their learning potential.

**Our goal is to support all learners in
"Being the Best They Can Be."**
