Agenda

- Member's concerns/comments
- Facilities
- Accounts
- MCAS

Members' concerns/comments: No concerns from members. Comments include the school has a safe environment, really like the anti-bullying program and that bullying is addressed and rarely an issue. Members noticed the inspire recognitions and think the positive reinforcement a student confidence builder.

Facilities: Building Maintenance Team - Rick Underwood.

There is a problem with the facilities system and it needs to be repaired, there is no system for repairing anything (ie putting in a ticket). Some of our facilities issues include:

- Stairs
- Air conditioning (we have 24 air conditioners sitting in boxes in the basement).
- Heat/hot water (too much heat or not enough, no hot water in the building today).

Bank accounts:

Wheel-A-Bration Fundraising: Money is getting deposited as it is getting counted into the student activities account.

PTO: We now have a bank account for PTO funds.

MCAS: School report shared.

Next Meeting Date is 1/13/20
