

Materials

1. One Imaginary water squirter (Using hand as an imaginary water squirter)

Game Objective

Participants must name items that fit into a particular category without repeating or taking too long too long to think.

Game Play

1. Sit the group in a circle.
2. Designate one person as the “squirter” for the 1st round and give him/her the imaginary water squirter.
3. This student calls out a topic, such as “sports cars” and everyone in the game secretly thinks of one or more items in that category.
4. The youth leader calls out the name of a person in the circle to get started.
5. The person whose name has been called must yell out an item that fits the category and another name before the squirter can squirt him/her.
6. If you get squirted before you can call out the item, you then become the “squirter” and must select a new category. If the item is a repeat of what someone else has already said, the Squirter can also squirt you and you become the squirter.
7. The previous squirter gets things rolling by calling out the next name!

Variations

1. Choose categories related to your event, a holiday, or a Bible Study Topic and write them on pieces of paper and place them in a bowl. Have the squirts randomly draw the category from among the slips of paper.
2. Add the rule that a person cannot call the person who just called them to make sure the game rotates around the circle.
3. You can also have the squirter point to a person and say a letter and the person in the circle has to say a word that begins with that letter before they get squirted.
