More online resources can be found on the LPS website

You can complete all of the pages in your packet if you have time

Music

Hello Kids! Let's listen to "Waltz of the Flowers" by composer Peter Tchaikovsky. Here is a Musication video to play along with:

<https://www.youtube.com/watch?v=bOXFrgB083A>

Or type in the google search bar: musication waltz

Here are 2 ways to play along. Try one or both! Can you think of more ways? Look at the picture in the links below for a key.

1. If you made an instrument, choose a flower color to play along with: red, yellow, or blue. Play your instrument each time the conductor bee lands on your flower.
2. Dance it! Choose three different movements, one for each flower. You might like to jump (red flower), stomp (yellow), and clap (blue).

Do you like the Waltz of the Flowers music? Why or why not?

Physical Education

Hi everyone! Let's build on our throwing and catching skills from last week by adding in some targets. Try this challenge: Find something to throw that won't go too far or hurt anything if you miss. You could use a crumpled piece of paper or a small stuffed animal. Next find a target. You can use a laundry basket or a hat. Now try to throw your object and make it land in your target. Make it more difficult by using your left and right hands or by moving further away from the target as you get better. Challenge someone in your family to see who can hit the target the most!

Art

Recycle a toilet paper roll and be creative! Follow along with Miss Tara to make a toilet paper roll owl. All you need is a toilet paper roll and something to draw with! Click the "TPowl" image at the bottom of the page to see what it looks like. Click the link to see what to do step by step!
<https://youtu.be/1V2foVA6ZxQ>

OR

Use your imagination to transform a toilet paper roll or paper towel roll into an ART TELESCOPE. When you look through it, can you imagine something incredible? Draw how the world looks through your art telescope using whatever supplies you have. Decorate your art telescope and look through it when you're having an extra boring day.

Content Literacy

Hi there Kindergartners! This week I want you to write a How to make your bed book. Be sure to use pictures, Have an adult at home try to follow your steps when you are done.

Watch this video of a girl explaining how she makes her bed.
